ACKNOWLEDGEMENT

I am very much grateful to my guide Dr. R. N. Desai Retd. Professor and Head of the Department of Zoology, Karnatak Science College, Dharwad, for suggesting this research problem and guiding me throughout the course of this work. I am grateful to Prof. S. Basalingappa, Prof. M.A. Hooli, Prof. V. L. Kallapur, Prof. S. A. Nevagi and other teachers of the Zoology Department, Karnataka University, Dharwad, for their valuable suggestions, encouragement and help.

I am thankful to Principal (Retd.) D.M. Pujari and Principal R. S. Bhoosanurmath, Karnatak Science College, Dharwad, and all the teachers of Zoology Department, Karnatak Science College, Dharwad.

I am very much grateful to the Board of Management K. L. E. Society, Belgaum, and the University Grants Commission, New Delhi, for granting me the study leave under the Faculty Improvement Programme which enabled me to complete this work.
I express my gratitude to our present Principal C. V. Havaldarmath and the former Principal I. R. Neeli for their encouragement during the tenure of my research work. I am also thankful to Prof. Dr. (Ms) Kantamani, Head of Department Zoology and all my colleagues of P.C. Jabin Science College, Hubli, who have cooperated with me during my research work.

I am very much thankful to my research colleagues and friends Dr. A.A. Hooli, Dr. U. G. Mummigatti, Smt. N.V. Biradar and Dr. S.V. Hiremath for their continuous help in many ways during this research work.

I am thankful to N.T. Hagargi and Babu Sali for microphotography work, Dr. G. S. Pujar Geology Department K.C.D. for nice figures and Bruvin Computers for neat typing work.
I am also grateful to my parents, sons Ravindraprasad and Rajendraprasad, daughter Pallavi for their continuous inspiration, constant encouragement and understanding throughout my research work.

July 17th 1997. Shobha K. Hanagandi
