ACKNOWLEDGEMENT

I would like to express my deep gratitude and deem it my profound privilege to my research guide Prof. C R Karisiddappa (Director, Academic Staff College, Karnataka University, Dharwad) whose envisioned supervision and meticulous scrutiny has helped me in completing this task. His concerned efforts, strategic approaches, scientific methodologies, ceaseless working acumen and enthusiasm have always kept me toiling with perseverance. Working with him has been definitely a great pleasure in augmenting the professional competency and instilling a new source of energy and inspiration.

I am greatly thankful to all the respondents for their timely responses and sparing time for interactions. My special thanks are also due to Dr. Christina Birdie and Dr. Vagiswari (Indian Institute of Astrophysics, Bangalore), Dr. I R N Goudar (National Aerospace Laboratory, Bangalore), Dr. Y M Patil (Raman Research Institute, Bangalore) and Dr. H S Siddamallaiah (NIMHANS, Bangalore) for their timely advice and the wonderful interaction throughout the course of this study.

My scholarly gratitude goes to the revered faculties of this department Prof. S L Sangam (Chairman), Prof. B D Kumbar, Dr. R R Naik and Dr. Keshava who have continuously supported me with great enthusiasm at all professional fronts.

I also acknowledge the help of Dr. Michael Eisenberg (University of Washington, USA), Dr. Shaheen Majid (Associate Professor, Nanyang Technological University, Singapore), Dr. Alan Bundy (Auslib Library Consulting, Australia) and Sheila Webber (Senior Lecturer,
University of Sheffield, United Kingdom) in suggesting vital points while designing the questionnaire and helping me in understanding the intricacies of the concept of Information Literacy.

I am grateful to my colleagues at ISRO HQ Library Mrs. Ashalatha Laxminarsaiah (Library-in-Charge), Mrs. Devakie Mayavan, Smt. Manjula Devi Naidu, Shri. Chandran and Shri. Stalin for their cooperation, suggestions and being moral support. I also thank Shri. P N Prabhakara, library staff and Shri. A Narasimharaju, Administrative Officer, Indian Institute of Astrophysics, Bangalore for helping me in getting the necessary administrative clearance. I am also greatly helped by the authorities at ISRO HQ and IIA, Bangalore by providing me necessary resources and facilities.

I am greatly indebted to my entire family for taking all the pains and for their prayers in my all academic and research endeavours. My special love to SARAA, AZZU and SAFIYA for being my moral support, source of inspiration and motivation.

I owe my sincere thanks to my friends Manjunath, Prashant, Meghana, Afzal, Arshiya, Chandrashekhar, Kumar, Satish and Mona for being my moral support and all the help and suggestions and constant encouragement. My sincere thanks are to one and all who have extended their personalized help directly or indirectly.

Thanks are also due to the staff of the department such as Smt. Vasumati Pyati, Shri. Mahadevappa and Mr. Umesh for their support, cooperation and great source of help for all the administrative works throughout the course of this study.
