CONTENTS IN DETAILS

I. INTRODUCTION
  • Background of the study
  • The study problem
  • Review of Literature.
  • Specific objectives of the study.
  • Hypothesis of the study.
  • Sources of data and Research methodology.
  • The sample.
  • Study area and period.
  • Data Gathering Tools
  • Person contacted.
  • Chapter Scheme.
  • Limitations of the study
  • Scope of further research.

II  ROLE OF EDUCATION IN ECONOMIC DEVELOPMENT
  • Introduction
  • The scope of rationale of studying economic of education
  • Relation between economic development and educational development
  • Human capital formation
  • Process of Human resources development
  • Indicators of Human development
  • Life cycle of Human Development
  • Conclusion
III DEVELOPMENT OF EDUCATION IN INDIA AND KARNATAKA
• Introduction
• Primary Education, Secondary education and
• Government Policies in India
• Expenditure of the Government
• Comparison with other southern States
• Karnataka
• Problems of Education
• Conclusion
