ACKNOWLEDGEMENT

First and foremost, I am thankful to God Almighty for bestowing upon me patience and fortitude to complete this work and parents Smt. Hajeran Begum and Shri Abdul Wahid, for their silent sacrifices, constant encouragement, forbearance, blessings and their loving interest, inspiration at every stage of my educational career, without which this work could not have seen the light of the day.

It gives me great pleasure to express my sincere gratitude to my guide Dr. R. Nazeer Ahamed, Reader, Department of Studies in Zoology, Karnataka University, Dharwad, for his guidance, kind co-operation, good suggestions, critical scrutiny of the manuscript, novel comments and giving me freedom to pursue my work. I appreciate his constructive criticism, which have led to the successful completion of this study. I thank him for providing me this opportunity to work under his supervision.

I would like to place on record my special thanks to Chairman, Post-Graduate Department of Zoology, Karnataka University, Dharwad, for providing me the necessary facilities during my research work.

It gives me an immense pleasure in acknowledging Dr. Y. Rama Mohan, additional Professor, Department of Pathology, NIMHANS, Bangalore, for allowing me to use the scanner at his lab, without which the illustrations in the thesis could not have been presented well. I acknowledge, Smt. U. Hemavathi, a meticulous and dynamic technical staff for her involvement and encouragement. I thank Dr. (Smt) N. Gayathri, Dr. Sagar for their help and co-operation in handling Electron Microscope and Photography. I also thank Mr. G. Ramesh and Mr. D. Satish Kumar for their interest and genuine help. I am very grateful to the whole Electron Microscopy unit, NIMHANS, Bangalore for their extraordinary support.

I am very much thankful to Dr. Lingaraj, Reader, Department of Pathology, University of Agricultural Sciences, Dharwad, for his timely help in photographic work. I owe my special thanks to Dr. A.L. Harihar, Lecturer in Anjuman Degree College, Bijapur, Dr. N. Shivanna, Lecturer in Zoology Department, Dr. I.M. Kazi, Lecturer in Chemistry Department and Dr. M. Jayaraj, Lecturer, Department of Botany, Karnataka University, Dharwad, for their kind suggestions and directions.

My fervid and profound gratitude to my colleagues Dr. Ravindranath H. Aladakatti, Shri M.G. Ghodesawar, Lecturer in Anjuman College Bijapur, Shri M.M. Girni, Lecturer in Nehru College, Hubli and friends Kiran Kumar, Maqbool Ahmed, Zafar Iqbal, Mahantesh Bisnai, Prakash Baligar, Lingesh Sannapanavar, Raghavendra, Durgesh, Raj Purohit, Chandru Khatore and Dr. Nirmala Halligudi, who have borne with me during my highs and lows for which, I am thankful to them for...
their company and for keeping my spirits alive. All of them have contributed in their own special ways in helping me throughout the course of this research work.

Words cannot suffice to express my gratitude to my friends, Dr. Saleem M. Desai, Mr. Mohd. Khaleel-ul-Hassan Kalgi, my sisters, brothers, brother-in-law, Mr. Ibrahim Azami, Mr. Mohammed Yaseen and uncle Shri Balechand Patwegar and family, for the care and affection that they have showered upon me. They were my indomitable pillars of support and strength throughout the course of this study. I shall cherish my association with them forever.

I fail to express in words my unfathomable gratitude to Shri Rafi Bhandari, Academic Council Member, Karnatak University, Dharwad, my uncle Shri Basheer Ahmed Sindgi, Civil Judge, Sr.Dn., Savadatti and their family for their affection and constant encouragement. I am grateful to Miss. Rehana for her encouragement and bearing the difficulties in sparing me to concentrate on this small piece of research work.

I take this opportunity to thank Minority and Other Backward Classes Cell, Karnatak University, Dharwad for providing me financial assistance in completing this work. I am also thankful to Shri. B.I. Kotur and Rajesh Lamani for their help and support during the course.

At this moment, it is my pleasure to acknowledge my indebtedness to the Management Trustee Alijanab Abu Shaikh, Dr. D.I. Deendar, Principal and staff members of Shaikh P.U. College of Science & Commerce, Belgaum, for their help in completing the research work.

My sincere thanks to Shri S.G. Koti, Shri I.S. Hiremath, Shri. B.B. Kadaralli, Shri. Manohar Patil, Department of Zoology, Karnatak University, Dharwad for their help. Shri. V.D. Kambli, Buddanal forest Nursery, Hubli, for providing the leaves of Tulsi for my research work.

I am also thankful to Mr. Rajendra Pavate, Raj Computers, Vijayanagar, Dharwad, for his help in neat execution of the computer work.

Last but not the least, I thank all those who have helped me directly or indirectly during my educational career.

Place : Dharwad
Date : 22-11-2002

(Mukhtar Ahmed)
