ACKNOWLEDGEMENT

It is with pride and great pleasure to record my deep sense of gratitude to my research guide Dr. B.B. Kaliwal, Professor and Chairman, Post-Graduate Department of Studies in Microbiology and Biotechnology, Karnataka University, Dharwad for his encouragement and valuable guidance during the course of research work. I consider myself very fortunate to carry out research under his supervision.

I express my heartfelt thanks and indebtedness to my Co-guide Dr. S.A. Nevagi, Rtd. Professor, Post-Graduate Department of Studies in Zoology, Karnataka University, Dharwad, for his inspiring personality matched by rare combination of human simplicity.

Equally, I am highly thankful to Dr. H.S. Patil, Rtd. Professor, Post-Graduate Department of Studies in Zoology, Karnataka University, Dharwad for valuable advice, critical analysis and for giving me the knowledge on hydrobiology.

I extend my sincere thanks to Prof. R.D. Kanamadi, Chairman, Post-Graduate Department of Studies in Zoology, Karnataka University, Dharwad for all the facilities provided during the research work. I convey my sincere regards to all my respected teachers, research colleagues, friends and non-teaching staff of the Post-Graduate Department of Studies in Zoology, Karnataka University, Dharwad for their help and co-operation during my research work.

My thanks are due to our education department namely our School Headmaster, D.D.P.I. and J.D.P.I. of Belgaum division without who’s permission and encouragement this work would not have been possible.

My special thanks to Managing Director, Krishna Bhagya Jala Nigam Limited (KBJNL), Almatti for their kind permission to conduct hydrobiological assessment on Almatti reservoir.

I profusely thank all my respected teachers from primary school level to post-graduate level for their valuable guidance in achieving the highest degree in my education.
I record my heartfelt thanks to Sri S.M. Sutagundar, Rtd. Asst. Administrative Officer, B.V.V.S. Bagalkot and Sri S.B. Horakeri, First Divisional Surveyor, KBJNL, Almatti for their encouragement and inspiration during my research work.

I am highly thankful to Principal, Dr. R.N. Herakal, Dr. B.S. Anami, H.O.D. of Computer Science, Dr. C.V. Shivayogimath, Professor and Head, Department of Environmental Engineering, Sri G.V. Hiremath, Lecturer, Dept. of Environmental Engineering, B.V.V.S. Engineering College, Bagalkot for making me available the laboratory facilities to carry out the water analysis during the research work.

I am very much thankful to Dr. Mannikeri, Rtd. Professor, Post-Graduate Department of Studies in Geology, Karnatak University, Dharwad for his help in identification of molluscs.

I am thankful to Dr. Manjunath Hebbar, Asst. Professor, Soil Science Agricultural Research Station, Gangavati for making me available the laboratory facilities to carry out sediment analysis.

With respect and pleasure, I acknowledge indebtedness to my parents and brothers for their support and inspiration throughout my research work.

I wish to record my gratitude to my wife Asha for her utmost encouragement and appreciation during my research.

I am thankful to my friends Dr. Y.F. Nadaf, R.L. Ksheersagar, Sudhir Manawadi, Lokesh Shastri, Kiran Thabaj, Ramu, Shreelakshmi, Swati and all my research colleagues for their help and co-operation. Above all I am grateful to A.C. Ambiger, for his ever memorable support in research work.

I also thank Mr. Rajendra Pavate, Raj Computers, Vijaynagar, Dharwad for the timely and neat work in bringing out this thesis.

I conclude my words by remembering all those who have helped directly and indirectly in the completion of Ph.D. degree.

Dharwad
Date: 23.12.2005
