Acknowledgements

I sincerely wish to express my sense of gratitudes and indebtedness to Dr. K. Kotresha, Selection Grade Lecturer in Botany, Karnatak Science College, Dharwad for his inspiring guidance, constant encouragement and painstaking assistance which enabled me to undertake and complete the present study reported in this thesis.

I also wish to place on record, my sincere gratitudes to the management and Prof. N. Vajrakumar, Secretary, Janata Sikshana Samiti, Dharwad and Dr. Ajit Prasad, Principal, J.S.S. College, Dharwad for having deputed me to pursue the research work under the Faculty Improvement Programme of UGC, 10th plan. The financial assistance by the UGC is sincerely acknowledged.

I sincerely acknowledge my gratitudes to the Principal, Karnatak Science College, Dharwad and the Chairman, P.G. Department of Studies in Botany, Karnatak University, Dharwad for the facilities and encouragement.

The help and suggestions rendered by Dr. Y. N. Seetharam, Professor and Chairman, Department of Botany, Gulbarga University, Gulbarga are gratefully acknowledged. I also acknowledge with gratitude the help of Dr. Ravindra Mulage, Associate Professor, RCCH, Arabhavi, Gokarna for providing the seeds of *Abelmoschus moschatus*.

I also place on record my sincere gratitudes to the Directors, CFTRI, Mysore and NAL, Bengaluru for providing the scanning electron microscopic facilities. My special thanks are due to Mr. K. Anbalagan SEM-engineer CFTRI and Mr. M. A. Venkataswamy, SEM incharge and Mr. K. Raghavendra, Scientist, NAL for their assistance in SEM microphotography.

My special thanks are also due to Mr. Praveen Kaddipudi and Mr. Shivanand Belakeri for their help in light microscopic microphotography as well as proof reading.

My special thanks are due to Mr. Sidanand V. Kambhar and Mr. Nagabhusan S. Harihar, Research Scholars, Karnatak Science College, Dharwad for their help throughout the course of this research work.

I sincerely acknowledge the encouragement and support extended by the head and staff of P.G. Department of Studies in Botany, Karnatak University, Dharwad.
The unstinted support and encouragement of Smt. R. Parimala and other staff members of J.S.S. College, Dharwad is also highly acknowledged.

I am thankful to the staff of the libraries of Karnataka University, Dharwad, University of Agricultural Sciences, Dharwad (UAS), Indian Institute of Science (IISc), Bengaluru, Indian Institute of Horticultural Research (IIHR), Bengaluru and Indian Agricultural Research Institute (IARI), New Delhi for extending the library facilities.

I also acknowledge the help of Dr. M. Munirajappa, Professor, Department of Sericulture, Bangalore University, Bangalore, Prof. V. S. Koulapur, J.S.S. Arts and Science College, Gokak, Prof. G. P. Yalavattimath, B.K. College, Chikkodi and Prof. V.T. Hiremath, S. J.M. College of Arts, Science and Commerce, Chitradurga for their valuable help in the collection of plants.

I acknowledge the support received from Dr. B. G. Annigeri and my daughters Amrita, Shibumi and Apeksha for their constant help and encouragement, during the course of this study. The encouragement offered by Shri. Vijayakumar G. Annigeri and family as well as the members of Kunnur family is also heartily acknowledged.

Last, but not the least, I also acknowledge the sincere efforts of Mr. Naik Nagaraj for almost error free DTP work and Mr. Siddu Upase for his assistance in plates preparation.

Sharada B. Kunnur
