CONTENTS

Chapter – I Introduction

1.1 Introduction
1.2 Developments in Information Technology
1.3 Application of Information Technology in Academic Libraries
1.4 Review of the Related Literature
1.5 Overview of Library & Information Networks
1.6 Statement of the problem
1.7 Need for the study
1.8 Objectives of the Study
1.9 Methodology
1.10 Scope and Limitations of the study
1.11 Significance of the study
1.12 Chapterization
1.13 Conclusion
1.14 References

Chapter – II Higher Education and University Libraries in India

2.1 Introduction
2.2 Indian History
   2.2.1 Ancient India
   2.2.2 Education during the Medieval Period
   2.2.3 Education during the British Rule in India
2.3 Development of Education in Free India
2.4 Growth of Higher Education in India
2.5 Objectives of Higher Education
2.6 Structure and System of Governance
2.7 Governance and Management
2.8 Problems in higher education
2.9 History and development of University Libraries in India
2.9.1 University libraries in India in pre-independence era
2.9.2 University libraries in India in post-independence era

2.10 University Library of the Future
2.11 Change and the professional role of the librarian
2.12 Conclusion
2.13 Reference

Chapter – III Review of Related Literature 54-100
3.1 Introduction
3.2 Integrated university system
3.3 Integrated system for housekeeping functions
3.4 Integrated system for Information services
3.5 Integrated systems: Few examples
3.6 Online Integrated Library Systems
3.7 Conclusion
3.8 References

Chapter – IV Survey: Tabulation and Analysis of the Data 101-157
4.1 Introduction
4.2 Analysis of data
   4.2.1 Part 1 A – General information
   4.2.2 Part 1 B – Availability of IT infrastructure
      4.2.2.1 Computer Hardware
      4.2.2.2 Computer Software
      4.2.2.3 Network Tools
   4.2.3 Part – II Application of IT Tools
      4.2.3.1 Database Development
      4.2.3.2 Availability of technical reports, standards, patents, manuscripts etc.
      4.2.3.3 Standards used in the library
      4.2.3.4 Software applications
      4.2.3.5 Factors influencing Computerisation
4.2.4 Services
   4.2.4.1 Based on Automation functions
   4.2.4.2 External resources
   4.2.4.3 Based on Internet

4.2.5 Implications
   4.2.5.1 Financial Implications
   4.2.5.2 Human Resource Development
   4.2.5.3 Collection Implications
   4.2.5.4 User Implications
   4.2.5.5 Organizational Implications
   4.2.5.6 Service Implications

4.2.6 University libraries preparedness and future plans
   4.2.6.1 Preparedness
   4.2.6.2 Future plans

4.2.7 Model Integrated university library and Information System

Chapter – V Integrated University Library & Information System – Model

5.1 Introduction
5.2 Strategic Directions, Goals and Actions for an Integrated University Library and Information System.
5.3 Need for an Integrated System
5.4 Components of Integrated university library and information system
5.5 Models
   5.5.1 Model Automated system
   5.5.2 Model system for information services
5.6 Topology for Integrated University Library and Information System
5.7 Conclusion
5.8 References
Chapter VI Conclusion

6.1 Introduction
6.2 Findings of the Study
6.3 Suggestions - Summary
6.4 Future areas of Research
6.5 Conclusion

Bibliography

Appendices

Appendix – I Questionnaire
Appendix – II List of samples covered in the study
Appendix – III Abbreviations used in the Study
