ACKNOWLEDGEMENTS

To say 'Thank you' to the people who matter much in our lives, through their acts of kindness, may be an etiquette but often these words act like cultural symbols that convey our profound sense of gratitude towards people who help us. Human relations become stronger and sweeter when we learn to say thanks to those who help us selflessly.

It is with immense pleasure, profound sense of gratitude and reverence, I wish to acknowledge my irredeemable indebtedness to my Guide and Guru DR. B.A. PATHAN, for all the affection, encouragement, courtesy, guidance and moral support given to me on the tortuous path from conception to completion of this thesis.

I also wish to record my similar feelings of reverence I hold, in no less a measure towards my Principal Prof. S. Abdul Kareem, Nehru Arts, Science and Commerce College, Hubli, who in his own special way created a conducive atmosphere in the college to encourage research scholars.

I have been immensely benefitted from the Libraries of Karnatak University Dharwad, Nehru Memorial Museum and Library New-Delhi, Jawaharlal Nehru University, New-Delhi, The National Library Calcutta and its Readers Hostel. The moments spent there are worth a life time, hence my thanks are due to them.

Finally, a word or two should be spoken about all those in my personal life and my friends without whose co-operation, unstinting guidance and understanding, this thesis would not have seen the light of the day. The willing support of my 'dearest ones' gave me strength and perseverance to complete my work. To them all, I fondly say 'thanks'.
