ACKNOWLEDGEMENT

First and foremost, I must acknowledge and submit my whole hearted thanks to The Almighty My beloved Master for His blessings, protecting and guiding me throughout this period of study. I could not have accomplished this, without the faith in My Master.

I express my sincere, unfathomable gratitude and indebtedness to my guide and research supervisor, Dr.V.Lakshmi Praba, Assistant Professor, Department of Computer Science, Rani Anna Government College, Tirunelveli, for suggesting this problem, excellent guidance, and continuous support of my study, constant encouragement, motivation and enthusiastic advice with immense knowledge. She patiently supervising and guiding me in right direction, which enables me for publishing a paper in Applied Soft Computing journal in Elsevier Publication. I am extremely lucky to have such a supervisor, who has inspired and cared so much for the completion of my work. She is knowledgeable and source of inspiration, who responded my questions and queries promptly.

I am grateful to Br.A.Murugan Arunachalam, Project Manager, Soft Migrates, Madurai, for his practical advice. I express by profound thanks to him for supporting to solve real time datasets, which forms a contribution for publishing a paper in an International Journal.

I would like to thank Dr.Appavu @ Balamurugan, Professor and Head of the Department of Information Technology, KLN I.T.College, Madurai, who gave valuable suggestions for using statistical tools in my studies for comparative analysis of algorithms.
I would like to thank **Dr. V.Balasubramanian**, Associate Professor and Head of the Department of Zoology, A.N.J.A.College, Sivakasi, for spending his valuable time for proof correction in my thesis and for giving valuable suggestions to add the graphical representation of figures.

I would like to thank **Dr.M.Kathirasen**, Assistant Professor, Department of Mechanical Eng.,TCE, Madurai, who gave suggestions for screen printing format of CD and format of other required documents for the submission of the dissertation.

Last but not least, I am greatly indebted to my devoted husband-my better half, **Mr.R.Sankar Ganesh**, my son **S.Soorya Prakash**, my family members and my parents who form the back-bone to complete the thesis and appearance of happiness. Their deep love, patience, encouragement, cooperation and sustained moral support throughout the study, enable me to complete this Ph.D. research work in a successful way.
