Acknowledgements

It was indeed a proud privilege to be a student of Dr. M. David Department of Zoology, Karnatak University’s, Karnataka Science College, Dharwad. It was a sheer pleasure and my good fortune to study under his guidance, who apart being a mentor was a source of constant encouragement throughout the study. His inexhaustible knowledge and unfailing support in his characteristic fashion have helped me in preparation this thesis from its infancy to the final stage. His ever encouraging attitude and valuable suggestion throughout the study were source of inspiration and appreciation. My head bows in respect for his knowledge.

I extend my deep sense of gratitude to principal Dr. A.H. Arali, Karnataka Science College, Dr. A.A. Hooii (HOD), Prof. K.B. Karale, Dr.(Smt) N.V. Biradar, Dr.(Smt) A.S. Bellad, Dr.(Smt) M.S. Nayak and Dr. C.B. Ganesh Dept. of Zoology, Karnataka Science College, Dharwad.

I profusely thank all the non teaching staff Shri. Radder, Smt. Hosamani, Nazeer, Santosh, Veeresh, Nagappa, Mallikarjun and Basavaraj for their help and co-operation during my research work.

I am grateful to the Chairman, Dr. R. Nazeer Ahmed, Professors and Lecturers of P.G. Dept. of studies in Zoology, Karnataka University.

I extend my deep sense of gratitude to the K.L.E. Society’s Chairman, Dr. Prabhakar Kore and Principal of R.L.S. College, Belgaum.

I am thankful to the authorities of USIC (University’s Scientific Instrumentation Centre) Karnataka University, Dharwad for helping me to utilize AAS and other instruments.
My sincere thanks are due to the generous support of my research colleagues, Dr. Sadanand, Dr. R. Shivakumar, Dr. H.B. Shivakumar, Shri. Krishnamurthy, Shri. Rafeek Ahmed, Mr. Munaswamy, Mr. Ramesh, Mr. Sameer, Mr. Vineet, Mr. Deshpande, Mr. Jagadish and Mr. Mahesh for their help and co-operation in various ways during the course of the present work.

I acknowledge with great respect, immense pleasure, and rare privilege of gratitude to my parents and family for their source and force, encouragement during the whole tenure of my academic and research work.

I run short of words to record my heartfelt thanks to my good friends Smt. Reena and Shri. Siddalinga Swamy for their constant encouragement, unfailing help and good wishes.

I wish to express my thanks to Shri. Maha Ganapati Computers, Mr. Vinayak and Mr. Nagaraj Naik, Dharwad for timely and neat work in bringing out this thesis.

Vidya R. Naik
