Declaration

I hereby declare that this work is the result of my own investigation and this thesis entitled “Studies on Microbial Biodegradation of Ferulic acid and Carbofuran” has been composed by me under the guidance of and direct supervision of Dr. C. M. Kamanavalli, Department of Chemistry, Karnataka Science College, Dharwad.

I further declare that this work has not been previously presented for any other degree or diploma to this or any other university.

Place: Dharwad
Date: 09-02-2011

(Jagannath C. Kadakol)
A word of gratitude...

"Gratitude is the memory of the heart". At this juncture, I take this opportunity to express my heartfelt and sincere gratitude to my research supervisor, Dr. Chandrappa M. Kamanavalli, Department of Chemistry, Karnataka Science College, Dharwad, for his encouragement, kind cooperation and able guidance. I feel very much elevated to have worked under him as his first research scholar.

"The gift of knowledge is far higher than that of food or clothes, it is even higher than giving life to a man, because the real life of man consists of knowledge". During my tenure of research work, he has imparted his knowledge; gifted another life to me, for which I am very much thankful to my guide whose inspiring words, moral support and everlasting encouragement have been chiefly responsible for the successful completion of my research work.

I am extremely thankful to Dr. A. A. Hooli, Principal, Dr. V. H. Arali, and Prof. N. S. Bagade, The Head, Department of Chemistry, Karnataka Science College, Dharwad, for providing me the necessary facilities throughout my research work. I am also thankful to teaching and non-teaching staff, Department of Chemistry, Karnataka Science College, Dharwad, for their kind cooperation.

I express my deep sense of gratitude to Prof. H. Z. Ninnekar, Prof. M. V. Kulkarni, Prof. B. M. Swami, Dr. Inamdar, Prof. Gadag, PG Department of Studies in Biochemistry and Chemistry, Karnataka University, Dharwad for their support and encouragement. I am very much thankful to late Dr. (Mrs) G. M. Kulkarni, Dr. (Mrs) M.S. Salunke, Dr. S. M. Tuwar, Dr. O. Kotresh, Dr. A. F. Dodamani and Dr. V. A. Aminbavi for their encouragement and timely help.
I would like to place on record my special thanks to Mr. Subramaniam Bhat, Associate Professor, Department of English, Karnataka Arts College, Dharwad and Dr. Yogesh S. Shouche, National Center for Cell Science, Pune their support and encouragement throughout my tenure of work.

I am indeed grateful to the members of the staff at USIC, Karnataka University, Dharwad, for providing me the facilities and help to conduct the experimental work.

I am greatly indebted to my beloved father Late. Prof. Chanabasappa. B. Kadakol for his moral support, encouragement and kind cooperation throughout my research carrier, which is memorable forever.

I also express my deep sense of gratitude to my mother Smt. Shanta C. Kadakol, for her blessings, support and encouragement. Its indeed a God’s gift for having sisters, Kamala and Rajeshwari and brothers Rajashekar and Shivu. Their timely sacrifice and love made my work easier. So I extend my heartfelt love and affectionate thanks to them.

I would like to thank all those who have extended their support for the successful completion of my work.

“Gratitude is not only the greatest of virtues, but also the parent of all others”.
