## CONTENTS

- Acknowledgement
- Abbreviations
- List of Figures
- List of Tables

### 1. TAXONOMY. 1-158
   - 1.1.1. Introduction 1
   - 1.1.2. Review of Literature 5
   - 1.1.3. Study sites 12
   - 1.1.4. Materials & Methods 15
   - 1.1.5. Results: Descriptions, Illustrations and Photomicrographs 26-158

### 2. ECOLOGY. 159-206
   - 2.1. Seasonal occurrence, Percentage of occurrence and Diversity Measures of all the isolated fungi.
   - 2.1.1. Introduction 159
   - 2.1.2. Review of Literature 164
   - 2.1.3. Materials & Methods 172
   - 2.1.4. Results and Discussion 175
   - 2.1.5. Conclusion 206
3. FUNGAL PHYSIOLOGY. 207 - 248

3.1. PCP degradation and Laccase activity.
   3.1.1. Introduction 207
   3.1.2. Review of Literature 201
   3.1.3. Materials & Methods 216
   3.1.4. Results and Discussion 219
   3.1.5. Conclusion 226

3.2. Antimicrobial activities, Antioxidant activity and Bioactive compounds.
   3.2.1. Introduction 227
   3.2.2. Review of Literature 230
   3.2.3. Materials & Methods 236
   3.2.4. Results and Discussion 240
   3.2.5. Conclusion 248

4. SUMMARY AND CONCLUSION. 249-253

5. REFERENCES. 254-271.

6. RESEARCH PAPERS PUBLISHED.
