This thesis on Multimedia Learning Package Development on Fiber Optic Communication is the result of long research pursuit. It involved program development and data collection at different stages. The experiment using different versions of Multimedia Learning Package marked the apex of the investigators ambitious pursuit.

All along, I have derived inspiration and constructive guidance from my research guide negotiate through the difficult research route. I take this opportunity to express my profound gratitude to my guide Dr. K. Ramachandrachar for having chiselled my effort into this thesis. Moreover, ever since I undertook this work as a registered student under his guidance, I have received intellectual nourishment under the aegis of the P.G. Department of Education and learned professors. I am indebted to Karnatak University for the opportunity to work, and provision of valuable time and resources.

I am thankful to Shri G. B. Danashetti, Principal, B.V.V.S. Polytechnic, Bagalkot for having given permission to utilize their computer laboratory for developing as well as for conducting the experiment.

My sincere thanks to Shri R. B. Guttal, Principal, K. H. Kabbur Polytechnic, Dharwad for having permitted me to conduct the experiment in their institution.

I would like to express my sincere thanks Shri. M. M. Jigajinni, Technical Director, B.V.V.Sangh, Bagalkot.
I am thankful to staff and my colleagues at B.V.V.S. Polytechnic Bagalkot and K.H.Kabbur Polytechnic, Dharwad.

My sincere thanks are due to Shri Prakash K. Yavalekar for his excellent computer typing work.

My research work has derived help from many of my colleagues, teachers, friends and students; special mention need to be made of the following.
