ACKNOWLEDGEMENTS

I consider myself very fortunate to have worked under the able guidance of Dr. S. J. NANDI-BEWARE, READER, P. G. DEPARTMENT OF STUDIES IN CHEMISTRY, KARNATAK UNIVERSITY, DHARWAD. I feel short of words to express my deep sense of gratitude and appreciation to aim for his valuable guidance, stimulating discussions and everlasting encouragement throughout the course of this investigation.

I gratefully acknowledge the facilities provided by the Karnataka University, Dharwad. My regards are due to Prof. B. G. Pujari, Chairman, P. G. Department of studies in Chemistry, Karnataka University, Dharwad. I wish to record my sincere thanks to all the teaching staff of Chemistry Department. I am also extremely thankful to Dr. M. V. Kulakarni, Reader, and Dr. V. K. Revankar, P. G. Department of studies in Chemistry, Karnataka University, Dharwad for their valuable discussions.

I am grateful to the SG/SI cell, Karnataka University, Dharwad for the award of fellowship. I wish to express my deep sense of gratitude to Prof. Y. M. Madar and Dr. M. I. Kamble for their help and encouragement throughout my research work.

I gratefully acknowledge to the Head Master, M. B. Ramaje and teacher B. Y. Kamal Bhiridi High School, Bhiridi for their encouragement and help throughout my educational career.

I am indeed greatly indebted to my senior researchers' Dr. S. C. Hiremath, Dr. G. H. Hugar, Dr. M. Y. Karidurgannavar, Dr. M. B. Talwar, Mr. S. R. Magdum, Dr. M. I. Kurni and other friends who made valuable suggestions about general techniques regarding the experimental section.

My heartful thanks go to my mother Hausabai, brother Bhagavant, sister-in-law Prema and sisters Shivakka and Annapurna for their loving interest and concern about every endeavour to reach my goal.

Finally, as a research student at the Department of Chemistry, Karnataka University, Dharwad, I have received immense help and encouragement by many staff and student members. I take this opportunity to thank all of them.

DHARWAD
