ACKNOWLEDGEMENT

I acknowledge with a deep sense of gratitude the immense inspiration and continuous guidance received from Dr. G. R. Patil, Professor (Retd) Department of Post Graduate Studies and Research in Economics, Karnataka University, Dharwad, throughout the period of this study. He has been very critical in his comments and gave constructive suggestions for improvement of the research work.

My sincere thanks are due to Dr Aadi, Professor and Chairman and all the faculty members of the Department of Post Graduate and Research in Economics Karnataka University Dharwad.

I must remember Dr. S. B. Hosamani, Associate Professor, Department of Agricultural Economics College of Agriculture, Dharwad with gratitude the friendly help, advice and suggestions. I am thankful Dr. S. M. Mundinmani, Associate Professor, Department of Agricultural Economics College of Agriculture, Dharwad, and G. M. Gaddi for their guidance, encouragement support during the course of the investigation.

I find no words to express my gratitude and heartfelt thanks to Mr. Mahesh Kumar Rathod Research Scholar, Department of Economics K.U. D for his moral support and encouragement during my study. I am specially thankful to Dr. Vilas Kulkarni for his help of analysis of data.

My parents and relatives themselves being not well read, they sacrificed a lot and with out even knowing the nature of my work, encouraged me to complete it. Affectionately, I solute my mother Smt. Govramma, my father Shri Shivappa Kuruvathi. And I am specially thankful to Hanumanthappa Karur for his help to join this research course and all my family members for their love and encouragement through all my days which have strengthened me to take up challenges in life.

I am greatful to the Research Scholarship Section, Karnataka University, Dharwad which enabled me to realise my dreams by extending me the needful financial help. I must be greatful to the librarioin and staff, Karnataka University Dharwad, through
whom I gained lot of literature for my research.

In the course of my work, I visited a number of centers and collected invaluable information. I may mention the library of university of Agriculture Dharward, ISEC, Bangalore and officials of the Directorate of Economics and Statistics Bangalore. I wish to express my deep sense of appreciation to officers of District Statistical Office Davangere and STAFF of statistical office in Harpanahalli and Honnali taluks in Davangere district for the kind co-operation in making available the required information. My heartly thanks are due to respondents (sample farmers) of villages in Harpanahalli and Honnali taluks for their co-operation in collection of primary data.

I am thankful to my well wishers and friends M. H. Sangannavar, Sanjeev Kenchaigol, Usha Kailasad, Thaseen Peerzade, Vanaja B. Gectanjali Kuradagi, Muttu Kalsad, Gopika Badiger. I am also thankful to Basavareddi computers especially Mr. Manjunath for taking pains in neatly alinment the research metrial.

And I thank all those who helped me directly and indirectly in competing this study.

Place- Dharwad
Date- 13-3-2006.
