ACKNOWLEDGMENTS

It gives me great pleasure to express my deepest sense of gratitude and respect to my research supervisor Dr. J. S. Kadadevarmath, Reader in Physics, Karnataka University, Dharwad, for his constant help, persistent encouragement, inspiration and guidance throughout the course of this work. I am very much thankful to him for his co-operation, valuable discussions during the course of work and thought provoking suggestions, for which I am very fortunate and indebted to him.

I thank the Chairman, Prof. S. S. Kubakaddi, Department of Physics, for extending the necessary facilities and for his constant help in academic and research work. I am very much thankful Prof. B.G. Mulimani, Vice Chancellor, Gulbarga University, Gulbarga for his inspirations during the course. I thank Prof. S. R. Inamdar for providing necessary help during the course of this work. My thanks are also due to Prof. B. Hanumaih, Vice Chancellor, Ambedkar Central University, Lucknow, Prof. N.S. Sankeshwar, Dr. J. S. Bhat, Dr. L.R. Naik, Dr. M.K. Rabinal, Dr. N. M. Badiger, Dr. U. S. Raikar, Dr. J.R. Tonannavar, Dr (Smt) J.V. Yenagi and Sri. S. Y. Amargolkar for their well wishes during the course. I thank, Sri. A. H. Sidrai for his help and encouragement.

I am grateful to Prof. T. K. Gundu Rao, RSIC, IIT, Mumbai for providing lifetime measurements facility and making my stay comfortable in the campus. I also thankful to Dr. H. D. Patil, Basaveshwar Science College, Bagalkot for providing the necessary facilities for the measurement of the dielectric constants of the solutions.
I am very much thankful to the staff of University Science Instrumentation Center for their technical assistance in getting data on fluorescence spectrophotometer and UV-VIS absorption spectrophotometer.

I greatly acknowledge the help and useful suggestions from Dr. J. Tipperudrappa and Dr. Raviraj A Kusanur during the course of investigation.

Special thanks are due to V. T. Muttannavar, Mahadev Uppar, Basavaraj Ittanagi and Nagaraj Annigeri for their encouragement and help in many ways. It is pleasure to thank my fellow Research scholars M. D. Kamatagi, A. S. Bennal, J. R. Mannekutla, B. N. Jagadale, Dr. K. I. Maddani, Vijay. Kulkarni, Anand. Lalasangi, M N Kalasad, Devaraj, A. Ramoji, V. S. Sortur, R. Hiremath, R. Nesargi and A. S. Patil for their close co-operation. Thanks are due to my friends from the other Departments who shared my feelings and made my stay pleasant. Special thanks are due to Shri. P.N. Yeri for his encouragement.

The sacrifice of my parents, the concern and support of my brothers, are worth recalling at this juncture. They have been a constant source of inspiration, without whose encouragement this work would not have been possible.

Words fail to express the patience with which my wife, Saraswati supported all through. Her constant encouragement gave me the moral and mental support, which I needed in large measure during the course.

Last but not the least, I thank all my friends and relatives who helped me directly or indirectly during the course of my work.

R.M. Melavanki
