ACKNOWLEDGEMENT

I dedicate my immensely heartfelt and emotional gratitude to my beloved and esteemed guide Dr.R.RADHAKRISHNAN, M.Sc, MBA, M.Phil, PGDBA, CCP, Ph.D, and a certified Six Sigma Black Belt, Associate Professor and Head, Department of Statistics, PSG College of Arts and Science, Coimbatore. His enlightening perspectives, versatility and patience personified spirit was the instrumental force to remain focused in achieving my goal. His observations and comments helped me to establish the overall direction of the research and move forward with investigation in depth. I thank the almighty for this prized fortune.

I wish to extend my sincere thanks to Dr.G.GANESAN, Director i/c, Research and Development Centre, Bharathiar University, Coimbatore-46, for his moral support extended during the period of this study.

I express my sincere thanks to Dr.K.K.SURESH, Professor and Head, and Dr.R.VIJAYARAGHAVAN, Reader, Department of Statistics, Bharathiar University, Coimbatore-46, for their valuable advice and suggestions during the course of the study.

I sincerely thank Sri. N.C.NANDAGOPALAN, honourable Managing Trustee and Secretary, PSG College of Arts and Science for his support and facilities extended throughout the period of this research work.

I deem it great pleasure to thank Dr.R.RAJENDRAN, Principal, PSG College of Arts and Science for his unstinted support to complete my work.

I am thankful to Dr.T.SANTHA, Principal, Dr. G.R.D College of Science for providing workable environment for the successful completion of the research

A special gratitude is due to all the faculty members, retired teachers, Department of Statistics, PSG College of Arts and Science for their full co-operation and support.

Completing this work would have been all the more difficult were it not for the support and suggestions provided by Dr.R.SAMPATHKUMAR, Dr.P.K.SIVAKUMARAN, Dr.S.RAVISHANKAR, Assistant Professors, Department of Statistics, Government Arts College, Coimbatore and
Dr. M. Mallika, Assistant Professor, Dr. GRD College of Science. I am indebted to them for their help.

I owe a debt of gratitude to Dr. Kannan Govindan, Denmark (International Journal of Advanced Operations Management), Mr. Sanil Thomas, US (International Journal of Engineering and Innovative Technology), Dr. Faisal G. Khamis, Jordan (International Journal of Statistics and Analysis), Dr. Srikumar Chakravarti, Malaysia (International Journal of Recent Scientific Research), Dr. Mohd Nazri Ismail, Malaysia (Global Journal of Mechanical Engineering and Computational Science), Dr. Natarajan Meghanathan, USA (International Journal of Emerging Trends in Engineering and Development), Dr. P. Singh, Ethiopia (International Journal of Advances in Engineering and Technology), Sir (Dr) Nkasiobi Silas Oguzo, JP, CT, Nigeria (ARPN Journal of Science and Technology), were helpful by giving a detailed review and comment on improving my research articles.

I wish to express my deep appreciation to the Co-Research Scholars for their timely help and interaction in shaping the thesis.

I wish to express my sincere thanks, to all the Colleagues, Well-wishers of GRD College of Science for their co-operation, support and wishes.

I am forever grateful to my beloved Father and Mother, whose foresights and values paved the way on the privileged study.

My family member, in-laws deserves a lovable mention and sincere thanks for their word of appreciations, constant support and encouragement during this investigation.

I specially thank my husband Mr. R. Aronraj and my son Master A. Alwin who exhibited extreme patience in cheerfully bearing with my pre-occupations and my silences and gently offer counsel and unconditional support at each turn of the road.

J. Glorypersial
