ACKNOWLEDGEMENTS

I record my grateful indebtedness to my parents, Late Mr. Victor Andrade and Late Mrs. Agnes Menezes who groomed me to this level.

My sincere thanks are due to Dr. V. N. Nayak my research guide who personally accompanied me to all spots in and around Kali estuary and for his constant guidance and help throughout the period of this research work, publications and preparation of the thesis, words fail me to thank him enough.

I thank Dr. Mrs. Kusuma Neelakantan, Chairperson of the Department for her constant help in needs and for providing all the departmental facilities.

My thanks are due to Dr. D.C. Shetty, research associates and the research scholars, specially Prakash Mesta, Vinayak Achari, Vaibhav Baadkar, Sumeet Mandal, and all M.Sc. students of the Department specially Manjula for their help in field studies, preparation of research papers and thesis.

I can not forget the sincere help rendered by Mr. Edwin D'souza, Range Forest Officer, Karwar Mr. C. K. Garwad, R.F.O., Gopshitta, Mr. P. P. Bannerjee, A.C.F. and Mr. B. K. Dixit, I.F.S., D.C.F., Karwar and the concerned officials of the local Forest Department for providing river
transport, accompanying personally at times, raising mangrove seedlings in their nurseries, transplanting the saplings at selected spots and monitoring over the period of my research work. My sincere thanks go to all of them.

My thanks are also due to the officers of the Department of Collegiate Education in Karnataka for granting me to permit me to register and work for my Ph.D. My special thanks are due to the Principal for constant help and my departmental colleagues Shri V. Biligiri Rangar for his co-operation by shouldering more burden, Dr. Jaykara Bhandary for providing some literature and photographs, Shri S. Fasihuddin for encouragement, the Librarian for providing reference books and all my other colleagues and students at the Government Arts and Science College, Karwar.

I thank the non-teaching staff of the Department specially Shri. G. M. Salaskar and Shri. M. A. Sayed for their timely assistance and help.

I thank Shri Rajgopal Shetty, D.C.F., Karwar for providing the CRZ map of the river Kali and for joining us in the environment impact assessment trips and public education programmes.

My thanks are due to Miss Usha L. Bhat, Guest Lecturer in the Department for keying in most of the data in the computer and for incorporating corrections from time to time.
I thank all my friends, Shri B. Harischandra Bhat and Dr. M.R. Naik in particular, and my relatives who have helped and encouraged me during the course of the work.

Last but not the least my sincere and heartfelt thanks are due to my wife Leela and sons Lester and Lenson for bearing my absence, and constant encouragement and love but for which this work could not have been completed.

I also thank the authorities of Karnatak University Dharwad for allowing me to register and submit my thesis.

Karwar
