Read the test and do accordingly. Unless you are asked to turn the page do not do so. Fill in the blanks neatly with your name, age etc.

Name: ................................................................. Age: .......yrs

Date of birth: ..................

School: .................................................................

This test aims to see how appropriate you are in thinking. It consists of several type of questions. For example, a question is present with appropriate answer. Note the manner of answer while reading.

Which of the following given words refer what is an apple?

(1) Flower (2) Tree (3) Vegetable (4) Fruit (5) Animal  

(4)  
Here appropriate answer is 'Fruit'. The serial number of fruit is 4 which should be given in the bracket and underline the word 'Fruit'.

There are other type of questions where answers are not provided. In that case you have to write the answer in the bracket. For example....

What will be the cost of six pencils at the rate of RS 2 each?  

( )

The answer is RS12 but you have nothing to underline beneath. So, write only 12 in the bracket.

There are 75 questions. It is not compulsory to solve all of them but try to do as much as you can. Only half an hour time will be given for the test. Your attempt should be to give more and more correct answers. Remember not to haste so that errors may develop. Do not waste much time on a single question.
