ACKNOWLEDGEMENTS

I deem it a unique opportunity with highest sense of pleasure and proud privilege to record my profound sense of gratitude and indebtedness to my guide Dr. V. N. Nayak, Reader in Ocean Science, Department of Marine Biology, Faculty of Science and Technology, Karnataka University Dharwad for his valuable scholastic guidance, constant supervision, untiring help and ceaseless encouragement throughout the period of investigation and preparation of this manuscript.

I express my heartfelt thanks to Dr. M. Khaja Peer, Vice-chancellor of Karnataka University, Dharwad for permitting me to conduct my investigation in this Department.

I also express my sincere and deep sense of gratitude to the vice-chancellor Dr. A.K. Bhattacharya, and Registrar, Dr. B. B. Jana, West Bengal University of Animal and Fishery Sciences, for giving me permission to carry out my research work in this Department.

I owe my greatest gratitude to Dr. (Smt.) Kusuma Neelakantan, Professor, Former Head of the Department of Marine Biology, Karnataka University Dharwad for her kind permission to carry out the research work in this Department.

I gratefully acknowledge the Dean, Dr. (Prof.) N. R. Chaterjee, Faculty of Fishery Sciences, W.B.U.A.F.S. for his kind permission to carry out the research problem under Karnataka University Dharwad.

I owe a debt of gratitude to Dr. U. G. Bhat, Reader, Chairman, Department of Marine Biology, Karnataka University Dharwad for his valuable suggestion and constant encouragement.
I wish to express my sincere thanks to Dr. K. R. Naskar, Principal Scientist, C.I.C.F.R.I., Barrackpore and Dr. N. C. Nandi Joint Director Zoological Survey of India, Kolkata for their constant encouragement, valuable suggestion and time to time help through the tenure of my investigation.

I am extending my sincere thanks Dr. Y. Srirkrishna, Retired Professor, CIFE, for his valuable suggestion and constant encouragement.

Further more, I gladly acknowledge my teachers Dr. D. S. Sheshappa, Former Director of Instructors (Fisheries) and Dr. B. Hanumanthappa, Professor, Head of the Department of Fishery Engineering College of Fisheries, Mangalore for their constant encouragement, valuable suggestions and time to time help throughout the tenure of my investigation.

My special gratitude to my teacher Dr. K S. Udapa Professor, Department of Fishery Statistics, College of Fisheries, Mangalore for his help during analysis.

My special obligation and gratitude are extended for Dr. K. C. Dora, Professor, Department of Fish Processing Technology, W.B.U.A.F.S., Dr. T. J. Abraham, Reader, Department of Fish Pathology and Microbiology, Dr. S.K. Das, Reader, Department Fish Research Management, Dr. R.K. Trivedi, Reader, Department of Fishery Environment due to their valuable advice, help and encouragement at the time to needs.

I also acknowledge the help rendered by my friends and colleagues, Dr. G. Dash, Dr. S. Behera, Dr. T. S. Nagesh, Mr. S. Sarkar, Mr. E. K. Rayan, Mr. S. K. Rout and Dr. T. S. Annappaswamy whose inspiration helped me to reach at this stage.
A special thanks is expressed to the Boat owner Partho Das and sons of Kakdwip for their kind Co-operation and generous help during my study.

My special thanks to Mr. Dipak Bhowmick, Barajaguli for his keen interest and correct typing to see the thesis in a good shape.

Further my sincere thanks to Dr. J. L. Rathod, Lecturer, and all the staff members, research scholars of the Department of Marine Biology, Karnataka University, Dharwad, who have contributed directly or indirectly for the completion of this thesis.

I would like to put a high note and heartfelt thanks to my wife Hema for her total understanding and our childcare and shouldering the whole responsibility for home maintenance during this thesis work.

Last but not the least, I bow down myself before the feet of my parents, whose good wishes and inspirations helped me in building my academic carrier and find me at this present position, who also fought with all reverence and venerable situations, made courageous dedication and sacrifice in the evolution of this tiny personality. I still seek their heavenly blessings for all times to came in my life.
