Sri Narayana Guru was a great social revolutionary from Kerala and his message was spread all over the globe. His Philosophical greatness and social commitment was not explored academically so far. In order to fill up this gap I have undertaken the study of social Philosophy of Sri Narayana Guru. The study aims at not only the exploring of his social philosophy but also to highlight his commitment for the establishment of just and equal society on this planet in order to bring peace and harmony among the human beings.

Professor B.P. Siddhashrama, Prof. and Head, Department of Philosophy, Dharwad who was my teacher, guide and philosopher is kind enough to suggest the above topic which is relevant to the human society for all times. His thinking and the thinking of Sri Narayana Guru go hand in hand and hence it has yielded successful result in preparing this thesis. His constant encouragement, guidance and inspiration are responsible for the completion of my work. I am grateful to him forever.
