1.3. Methodology

## Chapter 2  THE RURAL SETTING 44-84

2.1. History of The Village
2.2. Climate
2.3. Communication
2.4. Habitation of The Village
2.5. Sacred Places
2.6. Funeral Grounds
2.7. Type of Houses
2.8. Water Facility in The Village
2.9. Economy of The Village
2.9.1. Sources of Income
2.10. Political Organization
2.11. Education
2.12. Health Facilities
2.13. Other Amenities
2.14. Population
2.15. Religion and Caste
2.16 The Marriage System 78
2.17 The Family 82
2.18 Lineage and The Household Composition 83
2.19 Festivals 85
2.20 Food Habits 90

Chapter 3
INDIGENOUS PRACTICES PERTAINING TO PREGNANCY, CHILDBIRTH AND CHILD-CARE 92-127

3.1 Reasons for Sterility 94
3.2 Remedies for Bearing Children 94
3.3 Conception and Pregnancy 96
3.4 Abortion 100
3.4.1 Prevention of Miscarriage 100
3.5 Gestation Period 101
3.5.1 Sex Determination 101
3.5.2 Food Habits of Pregnant Woman 104
3.5.3 Taboos Followed by Pregnant Woman 105
3.6 Childbirth 107
3.6.1 Bathing of Puerperal Woman and Newborn 111
3.6.2 Diet of Puerperal Woman 114
3.7 The Infant Stage 115
3.7.1 Bathing 116
3.7.2 Feeding of The Infant 118
3.7.3 Teething 121
3.8 Babyhood 122
3.9 Childhood 125

Chapter 4
RITUALS AND CEREMONIES RELATED TO MATERNITY AND CHILD-CARE 128-150

4.1. Rituals and Ceremonies During Pregnancy 130
4.1.1. Kalla kubasa 130
4.1.2. Tawaramani siri kārya 133
4.1.3. Gandanamani siri kārya 139
4.2. Rituals and Ceremonies After Childbirth 139
4.2.1. Nirala or riddi 139
4.2.2. Hesaridadu 141
4.2.3. Gangammaga hōgadu 145
4.2.4. Kiwi cuccasadu 148
4.2.5. Jawala ilasadu 149
4.2.6. Ayyācara or munjvi 149
Chapter 5  **FACTORS INFLUENCING HEALTH STATUS OF MOTHER AND CHILD**

5.1 Age at first childbirth 151
5.2 Parity 153
5.3 Spacing 157
5.4 Breast-Feeding 159
5.5 Economic Condition of the Family 162
5.6 Family Composition 166
5.7 Educational status of the people 172

Chapter 6  **HEALTH PROGRAMMES FOR MOTHER AND CHILD**

6.1 Antenatal Care 182
6.1.1 Supply of Iron-Folic Acid Tablets 184
6.1.2 Immunization of Pregnant Women 185
6.1.3 Nutritional Programme 188
6.2 Postnatal Care 189
6.2.1 Immunization of Children 190
6.2.2 Healthy Baby Show 195
6.2.3 Awareness About Family Planning 196
6.3 Training of Dāi 199

Chapter 7  **HEALTH SEEKING BEHAVIOR DURING MATERNITY AND CHILD-CARE**

7.1.1 Etiology 205
7.2 Treatment 209
7.3 Major and Minor Ailments 211
7.4 Diagnoses and Treatments 212
7.4.1 Stomachache *hottinōvu* 213
7.4.2 Common cold *negadi* 213
7.4.3 Cough *kemmu* 214
7.4.4 Headache *Talisūli* 215
7.4.5 Haitigi 215
7.4.6 Vomiting *kakkoladu* or *vānti* 216
7.4.7 Kāldhūli 217
7.4.8 Sore eye *kanna bandra* 217
7.4.9 Chēr 217
7.4.10 *Kīrnāligi* 218
7.4.11 *Arivi* 218
7.4.12 *Bālagraha* 219
7.4.13 *Muttdosha* 220
7.4.14 *Jaundice Kāmani* 224
7.4.15 *Measles Gobbara* 226
7.4.16 Evil-eye *Kannu or Nedaru or Dristi* 228
7.4.17 Evil-spirits *Gāli* 231

Chapter 8  **HEALTH SEEKING BEHAVIOR IN TWO VILLAGES** 234-282

8.1 Antenatal Period 246
8.1.1 Supply of Iron-Folic Acid Tablets 249
8.1.2 Supply of Nutritious Food 252
8.1.3 Immunization of Pregnant Woman 255
8.1.4 Health Check-Up 256
8.2 Natal Period 257
8.3 Postnatal Period 259
8.4 Child-Care 263
8.4.1 Feeding 265
8.4.2 Immunization of Children 268
8.4.3 Healthy Baby Show 270
8.5 Treatment Seeking Behavior 271
8.6 Family Planning 274

Chapter 9  **SUMMARY AND CONCLUSION** 283-294
