ACKNOWLEDGEMENTS

First and foremost, praises and thanks to the **God, the Almighty**, for his showers of blessings throughout my research work to complete the research successfully.

This thesis is the end of my journey in obtaining my Ph.D. I have not traveled in a vacuum in this journey. Though only my name appears on the cover of this dissertation, a great many people including my family, my friends, colleagues and my well wishers have contributed to its production. I owe my gratitude to all those people who have made this dissertation possible and because of whom my graduate experience has been one that I will cherish forever. I acknowledge the Almighty for providing me every kind of the moral, social and materialistic support and covering this journey peacefully.

I would like to express my sincere gratitude to my advisor **Prof. Sumanjit Kaur** for the continuous support of my Ph.D study and research, for her patience, strong motivation, enthusiasm, and immense knowledge. Her guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph.D study. I owe my sincere thanks to my co-supervisor **Prof. Rakesh Kumar Mahajan** Department of Chemistry, Guru Nanak Dev University, Amritsar, for valuable advice, constructive criticism and his extensive discussions at different stages of my work.

I am also thankful to **Prof. Balwinder Singh Randhawa** and **Prof. Manoj Kumar** being Head, Department of Chemistry, Guru Nanak Dev University, Amritsar, for providing me the required laboratory facilities and other administrative assistance for carrying out the research work during this period.

I also take this opportunity to thank non-teaching, technical and library staff of the department for providing administrative and other assistance during this period.

I would like to convey my sincere gratitude to my friends **Dr. Jasbir Kaur, Dr. Rajnish Saini, Amanmeet, Rakesh Chopra and Lalit Singh Mittal** for their unconditional help, support and inspiration.

The financial support by **UGC**, New Delhi is gratefully acknowledged.

The meaning of my life and work is incomplete without paying regard to my respected **parents** whose blessing and continuous encouragement have shown me the path to
achieve the goal. I express my thanks to my sisters, brother, sister-in-law and brothers-in-law for their support and valuable prayers.

It is by faith and prayer that I have survived till now. My Lord and Savior have blessed me with an ability to pursue studies in chemistry. I have learned so much about the wonder of His creation, and I look forward to pursuing it for a lifetime. It is through the strength and peace that I find in God that I can do all things.
