ACKNOWLEDGEMENT

The researcher conveys his deep sense of reverence and gratitude to his teacher Dr. Premangshu Chakrabarty, Associate Professor in Department of Geography, University of Kalyani. As my supervisor, his active co-operation and encouraging guidance is very much helpful to carrying out the whole research work. Without his utmost guidance the research work would never have been possible to complete.

I would also convey my deep sense of gratification to Dr. Subhajit Das, Assistant Professor, Department of Geography, Presidency University. He always helped me to accomplish the research work and performed as a constant source of inspiration during the whole period of work. My sincere appreciation goes to Dr. Sudarshan Roy of Chandrakona town, Paschim Medinipur and Mr. Subrata Mukhopadhyay of Jhargram, Paschim Medinipur for their valuable co-operation during my field visit.

I am also express my cordial thanks to the authorities of Department of Tourism, Govt. of West Bengal, Directorate of Census of India, National Atlas Thematic Mapping Organization (NATMO), Department of Information and Cultural Affairs, Paschim Medinipur and Purba Medinipur, District Planning Cell, Paschim Medinipur and Purba Medinipur, Bureau of Applied Economics and Statistics Govt. of West Bengal, Digha - Sankarpur Development Authority (DSDA), National Library, Kolkata, NRDMS (National Resource Data Management System) Cell, Purba and Paschim Medinipur for their generous assistance in various stages during data collection of preparing this work.

My special thank goes to all the family members especially my mother Mrs. Bharati Mandal and my father Mr. Kshitish Chandra Mandal for their unconditional love and constant support to prepare this work. I also like to thanks to my friends especially Mahadeb Das, Sreemoyee Sen Majumder, Nayan Karmakar and Tushar Mondal for their valuable co-operation. I thanks as well to Mr. Sankar Basak for his co-operation during typing of this report.

However, I would like to take whole responsibility of any error in the entire study.

PRASENJIT KUMAR MANDAL
