ACKNOWLEDGEMENTS

I take this opportunity to express my deep sense of gratitude and appreciation to my teacher and research supervisor Dr. M. Y. Kariduraganavar, for suggesting me the research problem in an interesting field that is elucidated in this thesis and for his constant encouragement, support and positive criticism, while carrying out this research work.

I am gratefully indebted to Professor T. M. Aminabhavi, Director, Center of Excellence in Polymer Science, Karnatak University, Dharwad for his enthusiasm, continuous support and positive criticisms of this research work and also for providing me the gift samples of 3M Co. and extending the facilities to complete this work.

It is indeed a pleasure to express my thanks to Professor M. I. Aralaguppi for his thought provoking suggestions, valuable help, and inspiration throughout the course of my investigation.

I am highly grateful to Professor M. L. Budni, chairman, Department of chemistry, KU Dharwad for his encouragement and providing necessary facilities to carry out the research work. It is indeed a great pleasure to express my thanks to the former chairmen of the department Prof. V.B. Mahale and Prof. C. D. Daulatabad for their encouragement.

I am also grateful to Dr. M. K. Rabinal, Dept of physics, KUD and Dr. I. M. Khazi, Dept. of chemistry KU Dharwad for their critical suggestions, kind help and moral support during my Ph.D. work. I also extend my thanks to Dr. J. Seetharamappa and Dr.(Mrs.) L. S. Manjeshwar for their moral support and encouragement.

Further I am thankful to all other teachers of our Department for their continuous, thoughtful and moral support during the tenure of my research work.
I am grateful to Dr. R. Rangarajan, CSMCRI, Bhavanagar for his encouragement and suggestions.

I immensely thank Ms. Nina McAllum of 3M Industrial Chemical Products Division, St. Paul, USA for supplying the polymer membrane used in this research work as a gift sample. I am extremely grateful to the Department of Science and Technology, New Delhi (No. SP/S1/H-31/2000) for their financial support.

My hearty thanks to Mrs. A. A. Kittur for her affection and moral support throughout my research period and kind help in preparing this thesis. I am extremely thankful to Mr. S. S. Kulkarni for his immense help in preparing this thesis and encouragement, and moral support throughout my research period. My thanks are due to Mr. S. M. Tambe for his kind support and valuable help throughout my research work.

I am very fortunate to have colleagues like Dr. K. S. Soppimath, Dr. A. R. Kulkarni, Dr. U. S. Toti, Dr. (miss) J. N. Nayak, Dr. S. G. Kumbar, Dr. M. D. Kurkuri, Mr. R. K. Nagarale, Mr. J.G. Baragi, Mrs. M. S. Salunke, Mr. V. Mutalik, Mr. S.A. Agnihotri and Mr. A. V. Raghu who have continuously provided me the friendly atmosphere in the laboratory.

I can have no better opportunity than this to thank Smt. Bhagyarekha for her affection, help and moral support.

I take this opportunity to acknowledge the love and affection of my parents, Shri Bheemrao C. Kulkarni, Smt. Ramabai B. Kulkarni, my grandmother Smt. S. B. Joshi, brother Sanjeev and my sister Smt. Sripadma, brother-in-law Shri Anant R. Purohit, my niece Ms. Vaishnavi, and my uncles Shri M. C. Kulkarni, Smt. and shri R. C. Kulkarni, Smt. and shri A. C. Kulkarni, Smt. and shri P. C. Kulkarni, Shri G. S. Pujar, Smt. and Shri M. G. Pujar and my sisters Arundhauthi, Ashwini.

I am thankful to my husband Shri. Shashidhar M. Deshapande for his love, encouragement and everlasting impression on my research work. Further, I wish to extend my sincere thanks to Smt. and shri M. S. Deshapande, Smt. and shri D. G. Siddhanti, Smt. and shri N. H. Kulkarni, Smt. and Shri B. V. Kulkarni and other...
members of their family for their affection and moral support throughout my research period.

It is indeed a pleasure to express my thanks to my uncle Dr. P. V. Kulkarni, Professor of Radiology, South Western Medical Center, Texas, Dallas, USA and, aunt Smt. Suma P. Kulkarni, cousins Moha, Brinda, Vishwas for their affection and encouragement. I am also thankful to Smt. R. V. Kulkarni and Smt. and Shri N. R. Bellary and members of their family.

Lastly, I wish to thank all those who helped me directly and indirectly to complete this work.

SANGEETA B. KULKARNI
