ACKNOWLEDGEMENT

In a deep sense of gratitude, I am indebted to my revered Research Guide, **Dr. R. Bakthavathsalam**, Associate Professor and Head (Former), Department of Zoology and Biochemistry, Government Arts College (Autonomous), Kumbakonam – 612 001, for suggesting this problem and for providing research facilities and also for his constant encouragement and support, scholarly advice, valuable guidance and suggestions, and critical comments during the course of this research work. He did not bother about his pains but rendered all helps from the beginning to the end of this work. I have learned a lot from him during the course of this study.

I record my respectable gratitude to my Doctoral Committee Member, **Dr. U. Balasubramanian**, Associate Professor and Head, Department of Zoology, A.V.V.M. Sri Pushpam College (Autonomous), Poondi - 613 503, for his valuable and critical comments to the improvement of this thesis.

I wish to record my heartfelt thanks to all the Principals (both regular and in-charge) of this college for their help during the course of this Ph. D. work.

I have great pleasure in expressing my sincere gratitude to the present HOD, Dr. K. Palanivelu, Associate Professor, Department of Zoology and Biochemistry, Government Arts College (Autonomous), Kumbakonam, for extending necessary facilities to finish this research work successfully and for his encouragement during the course of this study.
I express my deep sense of gratitude to Dr. D. Jayakumar, Professor of Soil Science and Agricultural Chemistry, Anbil Darmalingam Agricultural College and Research Institute, Tiruchirappalli - 620 009, for his help in analyzing the soil and vermicomposts samples and for providing necessary reference materials for this work.

I extend my sincere thanks to Dr. R. Ramalingam, Professor and Head (Former), Department of Zoology, Annamalai University, Annamalai Nagar, Chidambaram, for his help in providing necessary reference materials for the completion of this research work.

My immense thanks to all the teaching and non-teaching staff members of Zoology Department, Government Arts College (Autonomous), Kumbakonam, for their kind help during the course of this study and also my special thanks to Dr. R. Sivakumar, Assistant Professor of Zoology, for his help while preparing tamil version of this thesis abstract.

I extend my heartfelt thanks to Mrs. P. Mathari, MA.,M.Ed.,M.Phil., and her family members for their encouragement and hospitality.

I am also grateful to all my friends particularly Mr.M.Purushothaman, M.Sc.,M.Phil., Mr.M.Muruganandham, M.Sc.,B.Ed.,M.Phil., Mr.S.Suresh, M.Sc.,M.Phil.,M.Ed., Mr.A.Jayaseelan, M.Sc.,B.Ed.,M.Phil., Mr.R.Mahadevan, M.Sc.,M.Phil.,M.Ed., Mr.C.Senthilraja, M.Sc.,M.Phil.,M.Ed., Miss.M.Deivanayaki, M.Sc.,M.Phil., Mr.T.Chellappa M.A., and Mr. M. Sundarapandian M.Sc.,M.Phil.,B.Ed., for their co-operation and help in the successful completion of this research work.
I express my sincere gratitude to my beloved parents and family members for their help and encouragement throughout the study period.

I express my gratitude to the UGC, New Delhi, for providing financial assistance in the name of RGNF to complete this research work.

I acknowledge my special thanks to Mr. T.H. Denesh, M.B.A., Kumbakonam, for his neat typing while preparing this thesis.

S. UTHAYAKUMAR
