ACKNOWLEDGEMENT

I have great pleasure in acknowledging my sincere, heartfelt thanks to Prof. V. A. Hiremath for his valuable guidance in writing this thesis. Because of his encouragement and stimulating guidance in various problems, I could complete my thesis. It has really been a pleasant experience to work with him.

I wish to thank Prof. N. Vanaja and Prof. K. M. Rangaswamy for the valuable time they spared for discussion which helped me in properly focusing the contents involved in my study.

I am grateful to Prof. S. S. Benchalli, Chairman, Department of Mathematics, KUD and Prof. B. Basavanagoud for their interest and encouragement in my work.

I am thankful to my teachers Prof. N. M. Bujurke, Prof. H. B. Walikar and Prof. S. S. Bhoosanurmath for their support in doing this work.

I thank Karnataka University for granting me University Research Scholarship (URS) during the course of my research work for 4 years 2004-2008.

I am also thankful to my teacher Shri. Shankaragouda Y. Patil, Badami, who has shown me the mathematics path.
I am also thankful to my research colleagues Poonam, Reddy, Sharad, Vaishali, Keerthi, Ambika, Gayatri, Shaila, Upase, Reshma, Elvis, Somu, Priyanka and G.P.Siddapur. Special thanks to my friend Viju Akki for helping me in typing the thesis.

I am deeply obliged to my parents Shri.S.S.Gramopadhye and Smt.P.S.Gramopadhye and my brothers Sachin and Shripad for their patience and constant encouragement in pursuing this study.

Lastly, my sincere thanks to Dr.Santosh S Kulkarni and his family for the moral support.
