ACKNOWLEDGEMENT

With regardful memories..............................

It is a matter of pleasure to glance back and recall the path one traverse during
of hard work and perseverance. It is still great at this juncture to recall all the faces and
spirit in the form of teachers, pals, near and dear ones.

Hard indeed it is, to reasonably evaluate the help assistance and guidance
recorded by a cluster of personalities, but academic decency demands that I mention at
least a few names which stand out as near and dear.

Mere words would not be enough to express my heartfelt gratitude to
Dr. H.C. Lakshman, Reader, P.G. Department of Botany, Karnataka University,
Dharwad, who despite his multitude of responsibilities gave me his scholarly guidance,
continuous encouragement and who was the pillar of support during my research work
without whose help the completion of my thesis on time would have remained a dream.

I cannot forget helpful and honest personalities, Prof. G. Sivakumar Swamy,
the chairman, P.G. Department of Botany, Karnataka University, Dharwad, for
providing the necessary facilities in the department. My sincere thanks also due to
Prof. B.C. Patil and Prof. C.K. Rudramuniyappa, former chairpersons. The constant
advice and encouragement by other teaching and non-teaching staffs of my department
have been most valuable.
