ACKNOWLEDGEMENT

At the very outset, I would like to offer my sincere and humble gratitude to my respected guide Prof. Aparajita Borkotoki, (Rtd.), Professor of Zoology, Gauhati University, Guwahati, Assam for her encouragement and skillful guidance at every step of my study.

I also offer my heartfelt thanks to Dr. Rita Mahanta, Associate Professor (Retd), Department of Zoology, Cotton College, Guwahati, Assam for her able guidance, untiring supervision, and invaluable advice at each step of my study without which it would have not been possible to complete the work.

I am grateful to my respected colleagues of the Department of Zoology, Cotton College and the teachers of Zoology Department, Gauhati University, whose encouragement enriched my mind to conduct this study.

My sincere gratitude goes to Dr. Angshuman Biswas, Junior Scientist, Drugs Research Laboratory, Kolkata, who helped me in performing the HPLC work, and under whose supervision I have completed an important portion of my study.

My heartfelt gratitude goes to Prof. Karabi Dutta, Head of the Department of Zoology, Gauhati University, for her suggestion and sympathetic support during my study.
I sincerely acknowledge Prof. A. Dutta and Prof. J. Kalita, Professors of the Department of Zoology, Gauhati University for their valuable suggestions and advices which help me to give the final touch in the completion of my study.

My special thanks is due to Dr. Indra Kumar Bhattacharyya, Ex-Principal, Cotton College, Guwahati for his valuable advice and helps during my study.

I appreciate friendly cooperation of Mr. Binoy Kumar Deka, Associate Professor, Department of Zoology, Cotton College, Guwahati for his help.

I am indebted to Dr. Jayanta Sarma, Associate Professor, Department of Chemistry, Kaziranga University, Jorhat, who helped me in doing some of the statistical analysis and graphical representation of the results.

My special thanks to Ms. Anannya Gogoi, and Ms. Purnali Nath Barbhuyan Choudhury, research scholars of Cotton College, Guwahati for their tremendous cooperation in giving the final shape of the thesis.

Providing friendly co-operation, a few of my students specially Parmita, Monali and Navanita who helped me in various steps of my study. I am proud to have students like them.

I am also thankful to Dhaneswar Boro, Tapan Kalita and Prabin Kumar, who helped me in collection of the experimental stages of the Weaver ant in different months from different places.
My acknowledgement goes to my family members, specially my wife, without whose goodwill and support, it would have not been possible for me to complete my work so smoothly.

Lastly, I express my thanks to Mr. Bhabesh Sarma of ANM Commercial Centre, B.C. Road, Uzanbazar, Guwahati-1 for his help in printing and bringing out the thesis at proper time.
