ACKNOWLEDGEMENT

In the beginning, I would like to thank the almighty GOD, as he has always been very generous and kind to me.

This thesis is the end of my journey in obtaining my PhD degree. I have not travelled in a vacuum in this journey. This thesis has been kept on track and seen through to completion with the support and encouragement of numerous people including my well wishers, my friends & colleagues. Submission of thesis is indeed a very special occasion for me to express my sincere regards and heartfelt appreciation to all those who contributed in many ways to the success of this study and who made possible this thesis a reality.

First and foremost, I am overwhelmingly and everlastingly grateful to my esteemed guide and guru, Dr. Pranav S. Shrivastav, Professor, Department of Chemistry, School of Sciences, Ahmedabad for his valuable guidance, positive approach, inspiration, patience and enduring leniency throughout the course of my work, providing a major momentum which has successfully led me to the completion of this work. This feat was possible only because of the unconditional support provided by him. Sir, a person with an amicable and positive disposition, has always made himself available to clarify my doubts despite his busy schedules and I consider it as a great opportunity to do my doctoral programme under his guidance and to learn from his research expertise. Thank you Sir for all your help and support. His unflinching courage and conviction will always inspire me, and I hope to continue to work with his noble thoughts. It has been my privilege to work under his supervision for his constant encouragement and constructive criticism.

I wish to accord my gratitude to Dr. Venu Madhav, Chief Operation Officer of Veeda Clinical Research Lab, Ahmedabad, India for his invaluable suggestions, concern and help. I shall fail in my duties if I do not reveal my heartfelt thanks to Mr. Apurva Shah, Group Managing Director of Veeda Clinical Research Lab, Ahmedabad, India, for their helpful nature, moral boosting, and especially for allowing me to utilize all the relevant instrumental facilities of Veeda Clinical Research Lab to pursue my PhD work.

The administrative staff of Kadi Sarva Vishwavidyalaya, Gandhinagar deserves a special mention for their kind cooperation and concern for the future of students. It's my fortune to gratefully acknowledge the support of some special individuals. I am immensely grateful to my colleagues Manish Singh Yadav, Ajay Gupta, Primal Sharma, Vivek Upadhyay, Santosh Maurya and Swati Guttikar for their tremendous generosity and support throughout my research work.

It is indeed my pleasure and privilege to record my appreciation to all my colleagues, for their constant moral support. I would like to acknowledge my colleagues Priyanka Shah and Jaivik Shah for their whole-hearted support, providing a stimulating and fun filled environment and for their sense of humor in time of difficulty during entire period of PhD work. In addition, I
would like to say thanks to all who have always lent a helpful hand and made this phase of my life memorable.

Words fall short to express my profound gratitude to my Parents, my brothers Bhagwati, Sharad, Rajesh, Manoj and my sister Kavita who have been the pillars of strength and role models of my life in showing me the path of perseverance. With enormous pleasure, I express my thanks to my wife Anupama for her unconditional support and motivation during the entire course of my PhD work. I take this opportunity to express my gratitude to my other family members from the bottom of my heart for their selfless encouragement and help in the hour of need. My special thanks and love to my son Saksham and Sagan, who forgave me for stealing so much time from them during my research pursuit. I would record my appreciation to Dr. Mrs. Mallika Pranav Shrivastav for her care and motivation during the entire phase of research with Dr. Pranav Shrivastav. A special gesture of gratitude for Kaustubh whose unspoken consent enabled my guide to work without hassles.

Puran Chandra Singhal
