Acknowledgement

The Ph.D. programme is a long journey which takes several years to complete. Tenure of Ph.D. work is exciting and stimulating, but at the same time a difficult journey. During this period, I was privileged to interact awesome group of people who supported me in multiple ways.

At the outset I express my sincere gratitude, heartfelt regards and indebtedness to my respected supervisor Dr. Malay Kumar Adak, Department of Botany, University of Kalyani, West Bengal, India, for his esteemed supervision, excellent guidance, valuable suggestions and constant encouragement throughout the entire period of my doctoral research work and during preparation of the thesis. His valuable suggestions, exceptional knowledge of the subject and constant effort to achieve research goal have immensely helped me to successfully complete my doctoral research work with appreciation.

I would also like to acknowledge University Grant Commission (UGC) and Serampore College for providing me Teacher Fellowship scheme (UGC XIth Plan) for constant financial help.

I also pay my deep sense of gratitude to Hon’ble Vice Chancellor of University of Kalyani, Kalyani for the facilities provided to carry out the present work.

I convey my gratitude to Prof. Goutam Paul, Dean, Faculty of Science, University of Kalyani, for his advice and assistance whenever needed. I am remarkfully indebted to Prof. Parthadeb Ghosh, Prof. Chandan Sengupta, Prof. Sujata Chowdhury, Prof. Padma Chatterjee, Prof. Animesh Kumar Dutta, Prof. Sobhan Kumar Mukherjee, and Prof. Gour Gopal Maiti, Prof. Sankar Narayan Sinha
for their valuable suggestions including the endless motivation.

I remain grateful to Dr. Sudha Gupta, Dr. Sudipta Roy, Dr. Bijoy Sekhar Dutta and other teachers of the department of Botany for whole hearted support during my research tenure.

I convey my gratitude to all the faculty members and non-teaching staffs of the Department of Botany, University of Kalyani for their help, advice and assistance whenever needed.

I would like to specially acknowledge Prof. Souren Das, Department of Agricultural and Ecological Research, Indian Statistical Institute, Kolkata, for his generous help in all ways. I would also like to acknowledge Prof. Krishnendu Acharya, Department of Botany, University of Calcutta for helping me out with the nitric oxide assay studies. I am grateful to Dr. Narottam Dey, Department of Biotechnology, Visvakhrarati, Prof. Adinpunya Mitra, Department of Agricultural and Food Engineering, Indian Institute of Technology, Kharagpur, Dr. Debdulal Banerjee, Vidyasagar University, Dr. Utpal Basu, Department of Biotechnology and Molecular Biology, University of Kalyani, Dr. Kumaresh Ghosh and Dr. Monoranjan Jana, Department of Chemistry, University of Kalyani, Dr. Sudip Sinha, Department of Plant Biology, Bose Institute, Kolkata, Dr. Swapan Ghosh, Ramakrishna Mission Vivekananda Centenary College, for their constant assistance during the tenure of my research period.

Mr. Swaroop Biswas, CIF, Bose Institute, Kolkata, should be acknowledged for helping me out with HPLC analysis and Dr. Majhi, Indian Institute of Cultivation of Science for SEM-EDAX study. I am
grateful to Prof. Anilava Kaviraj, University of Kalyani, for helping me carry out the Atomic Absorption Spectroscopic study. I convey my gratitude to Mr. Prabudhha Sur, Department of Chemistry, University of Kalyani, for his assistance in FTIR analysis.

I like to sincerely acknowledge Dr. Nirjhar Dasgupta, Department of Agricultural and Ecological Science, Indian Statistical Institute, Kolkata, Ms. Saborni Maiti and Mr. Chiranjit Mukherjee, Department of Agricultural and Food Engineering, Indian Institute of Technology, Kharagpur and Mr. Soumya Prakash Das, Department of Biotechnology, VisvaBharati, for their untiring help as and when needed to carry out this research work.

I would like to mention the help of Mr. Soumen Saha, Mr. Sinchan Adhikari, Mr. Ajay Ghosh, Mr. Arghya Ghosh, Dr. Supriya Roy, Dr. Nila Das, Dr. Kaneenika Sen, Mr. Abhishek paul, Mr. Hemanta Dutta, Mr. Bidyut Jana, Ms. Tamali Das, Department of Botany, University of Kalyani, for their constant encouragement during the tenure of my research studies.

I want to keep off my hat for the indefatigable support and durable construction of my lab colleagues especially to Dr. Nirmalya Ghosh, Dr. Chiranjib Mandal, Mr. Sidhartha Banerjee, Mr. Subhankr Bera and Mr. Arnab Dey.

I am paying my sincere gratitude to my colleagues, Department of Botany, Serampore College for their effective cooperation. I am grateful also to Prof. (Dr.) Lalituangliana Khangte, Principal, Serampore College for granting me the leave and kind cooperation. I convey my deep sense of regards to college colleagues, Dr. Sanjay
Mukherjee, Dr. Biduyt Banerjee, Dr. Bithin Majhi, Dr. Pranab Dutagupta, Mr. Anit Chakrabarty, Mr. Suman Ghosh, Mr. Sribas Goswami and Mr. Lakshmikanta Hudait for their constant encouragement throughout my research tenure.

I am also thankful to Mr. Naresh, Mr. Bikash and Mr. Ranjan, lab attendants, for their every day help in laboratory during the course of my research period.

I am grateful to my friends, Mr. Dwaipayan Shee, Mr. Akash kar, Mr. Partha Mukhopadhyay, Mrs. Tanushree Mukhopadhyay, Mr. Ananda Chakrabarty, Mrs. Sanghita Chakratarty, Mr. Samiran Bhattacharjee, Mr. Biplab Debnath and my student Mr. Kaushik Banerjee, for their constant inspiration.

The impetus to complete Ph.D. course was impossible without the understanding and encouragement of my parents and my elder brother.

Last but not the least; I am grateful to Swami Ambikatmananda, Ramakrishna Mission, for their constant support and faith that actually gave me the inner strength to complete my research work successfully.

(Kingsuk Das)
