LIST OF FIGURES

1  Distribution of dyslipidemia among Kodavas  66
2  Awareness of dyslipidemia among Kodavas  66
3  Prevalence of Isolated dyslipidemia in Kodavas  68
4  Distribution of Kodava subjects based on number of lipid  69
    Abnormalities
5  Gender-wise distribution of dyslipidemia  71
6  Age-wise distribution of dyslipidemia  71
7  Comparison of dyslipidemia in urban and rural subjects  73
8  Age-wise distribution of dyslipidemia in urban and rural subjects  75
9  Prevalence of dyslipidemia in overweight, obese and  76
    morbid obese subjects
10 Prevalence of dyslipidemia in hypertensive and  79
    normotensive subjects
11 Prevalence of dyslipidemia in type 2 diabetics  80
12 Age-wise distribution of obesity, Diabetes and hypertension  82
    in dyslipidemic patients
13 Prevalence of Metabolic syndrome  82
14 Manifestations of Metabolic syndrome  83
15 Age-wise prevalence of metabolic syndrome  84
16 Age-wise distribution of CVD markers in Metabolic syndrome subjects  84
17 Gender-wise distribution of hyperuricemia among Kodavas  86
18 Age wise prevalence of hyperuricemia  87
19 Distribution of dyslipidemia in hyperuricemia  88
20 Dyslipidemia patterns in Hyperuricemia  88
21 Comparison of CVD markers between hyperuricemics and  89
    normal subjects
22 Comparison of adhesion molecules and cytokines between  91
    hypertriglycerideremics and normal subjects
