Acknowledgement

Without its essential contributor’s elements, no research work is complete. I gratefully acknowledge and thank all people who have helped me through the course of my journey towards producing this thesis.

I am extremely grateful to Dr. Harmeen Soch, Assistant Professor, Department of Commerce and Business Management, Guru Nanak Dev University, Amritsar, who is my supervisor and mentor. My sincere thanks to her, for her valuable and continuous guidance, encouragement and suggestions for improving my thesis. Without her help this research work would never have seen light of the day.

My sincere and special thanks to Dr. Kartikeya P. Bolar, Dr. Sanjit Kumar Roy and Dr. Sridhar Vaithianathan for introducing me to the world of structural Equation Modeling. I thank them for their inputs on the statistical analysis of this study.

I would like to thank Dr. Balwinder Singh, Head of the Department, CBM, GNDU for providing necessary facilities, resources and environment for the research. My sincere thanks to Dr. B. S. Mann, Associate Professor, CBM, GNDU for his useful comments and assistance in designing the questionnaire.

I am especially grateful to Dr. Simon J. Pervan, South Cross University, Prof. Nwamaka A. Anaza, Francis Marion University, Prof. Gianfranco Walsh, University of Strathclyde, Prof. Sharon, E. Beatty, University of Alabama, Dr. Lilliana Bove, University of Melbourne, Prof. Hean Tat Keh, Monash University, Prof. Boris Bartikowski, University of Augsbury, Prof. Markus Groth, University of New South Wales and library staff of Indian Institute of Management, Ahmedabad for providing me necessary research papers and material for research.

My special thanks to my friends, who helped me in innumerable ways during the whole course of the project. I also extend my gratitude to my friend Surbhi Dhir who motivated me to appear for fellowship for this research work.
I would like to express my deepest thanks to my parents for their endless love, blessings and thorough support during this long journey. Special thanks to my sisters Neha Aggarwal, Aarti Aggarwal, Rajni Aggarwal and my brother Amit Aggarwal for their continued support and love. Their encouragement has meant a great deal to me. This thesis would not have been possible without the love, support, encouragement and endurance of my family.

I would be failing in my duty if I don’t thank all my respondents, who have given their precious time in filling the questionnaires and given me a patient hearing.

And last and above of all, I thank the almighty who has showered His blessings and grace on me and help me in achieving one milestone after another. Without His grace, nothing else would have mattered.
