ACKNOWLEDGEMENTS

I am grateful to Dr. R. Krishnamurthy, Reader, Department of Zoology, Marathwada University, under whose guidance the entire work was carried out. I am thankful to him for his constant guidance, encouragement and helpful suggestions throughout the course of the work.

I am thankful to Prof. R. Nagabhushanam, Professor and Head, Department of Zoology, Marathwada University, for providing laboratory and Library facilities for carrying out the work.

My sincere thanks are due to Dr. S.S. Bawazir, for placing at my disposal, for study, his collection of the coccidia from rabbits.

Grateful thanks are due to Dr. Masood Ahmed and Dr. (Mrs.) Tayyaba Sultana for all the help during the course of the work.

Thanks are also due to all my colleagues in the Protozoology Laboratory, who have helped me in the preparation of the thesis.
I am grateful to the authorities of Marathwada University for the grant of a Junior Research Fellowship of the University Grants Commission.

Last but not the least, my most sincere thanks are due to Dr. Vilas Patil but for whose co-operation and encouragement this work could not have been completed.
