ACKNOWLEDGEMENTS

I am immensely grateful to Dr. A.B. Sapre, Reader, Department of Botany, Marathwada University for his invaluable guidance, constant encouragement, understanding and also for the photographic work of my thesis.

I am also grateful to Dr. S.T. Tilak for providing the necessary facilities to complete the research work.

I am thankful to the University authorities for allowing me to do this research work.

I owe special thanks to Dr. V.N. Naik for his valuable suggestions and kind co-operation.

I sincerely thank my colleagues from Cytogenetics Research Laboratory.

Technical assistance of Shri Kaleem Ahmed is gratefully acknowledged.

I am thankful to Dr. G.R. Basole and Shri V.A. Choudhary for their co-operation.

I thank Shri Sakharam Adhav and Shri V.P. Kharat for their help in the field work.

SUDHA M. AGNY
