During the course of my research programme, I have used the resources of a number of libraries and information centres. I am sincerely thankful to the librarians and other supporting staff of all the libraries for helping me to gather information for my research.

No theses work is successfully and skilfully completed unless it is typed neatly and correctly. Ajith, V., DTP Operator cum LAN Administrator, Department of Communication and Journalism, University of Kerala, Kariavattom undertook this arduous work quite willingly and executed the work with meticulous precision. Similarly ACTUS Research and Analysis Centre, Parottukonam, Trivandrum has done the analysis of the data commendably. It is indeed a matter of great pleasure to thank both of them most sincerely for their flawless work.

I take this opportunity to remember with fondness, my former teachers and friends of the Aligarh Muslim University, Aligarh; D.B. College, Sasthamcotta and my colleagues in the University of Kerala.

I owe immense gratitude towards my parents, my brothers and all other family members for their love and support throughout my life.

Finally, I would like to praise and record my happiness for the loving support, cooperation, understanding and patience of my wife Biji, S and my children Akshay and Adwaith. Without their continuous love and support in all aspects, I would not be able to work toward my academic goals.
