ACKNOWLEDGEMENT

I am extremely indebted to my research supervisor Dr. K. RAJARAJAN, Associate professor, Department of Physics, Rajeswari Vedachalam Government Arts College, Chengalpet, for his inspiring guidance, continuous encouragement, stimulating discussions and scholarly advice to carry out the research. The author is deeply thankful to Chairman Shri. M. V. Muthuramalingam, Velammal Educational Trust, Chennai, for giving permission to carry out the work.

I express my sincere thanks to Vice Chancellor, Registrar and Director (Research and Development Centre) of Bharathiar University, Coimbatore for their valuable support to carry out the research work.

I sincerely acknowledge the Doctoral Committee members Dr. P. KULANDAIVEL, Professor and Head, Department of Physics, Bharathiar, University, Coimbatore and Dr. K. Srinivasan, Associate Professor, Department of Physics, Research and Development centre, Bharathiar University, Coimbatore for their right direction to carry out this work.

I am also extremely thankful to Dr. P. Sagayaraj, Associate professor, Department of Physics, Loyola College, Chennai, Dr. R. Jayavel, Professor, Crystal growth centre, Anna University, Chennai, Dr. P. Karunakaran, Professor and Head, Department of Physics, Velammal Institute of Technology, Chennai, Dr. P. Sureshkumar, Professor, Department of Physics, Velammal Engineering College, Chennai, Dr. M. Rathnakumari, Professor and Head, Department of
Physics, Velammal Engineering College, Chennai for their perennial support during the work.

The author gratefully acknowledges the use of the characterization facilities at SAIF, IIT Madras and Dr. P. K. Das, Department of Inorganic and Physical Chemistry, IISc, Bangalore, for giving me the opportunity to do the NLO studies.

I convey my heartfelt thanks to my friends Mr. K. Sendilkumar, Mr. V. Ramesh, Mr. A. Baskaran, Mr. A. Pugazgenthi and Mrs. C. Esther Jeyanthi for their kind help. I don’t have words to express my deep sense of heartfelt gratitude towards my family members, daughter Baby Ruhitha, mother Mrs. A. Dhanalakshmi, Sister Mrs. K. Renuga, for their constant support and encouragement during this period of my research.

A. SUBASHINI
