Acknowledgement

It is a great pleasure to express my sincere gratitude and indebtedness to Dr. Sanjib Kumar Datta, Associate Professor, Department of Mathematics, University of Kalyani under whose supervision the entire thesis has been carried out. I owe a lot to him for offering me valuable suggestions for corrections and improvement of the thesis and above all for sufficiently sharing his valuable time with me from his busy and hectic schedule.

I am grateful to Dr. Tanmay Biswas for offering me valuable suggestions towards the improvement of the thesis. Moreover, I am thankful to my fellow research scholars of the Department of Mathematics, University of Kalyani for their co-operation in different ways.

Further, I am grateful to my respected teacher Dr. Abhijit Banerjee, Department of Mathematics, Krishnath College, Berhampore, Murshidabad West Bengal for his constant encouragement and technical suggestions to prosecute my studies in completing the research work as well as to improve the standard of the thesis.

Furthermore, I express my gratefulness to my parents, sisters and all other family members, especially my elder brother Abul Hasnat for their continuous help, inspiration, encouragement and sacrifice lack of which the thesis cannot be executed. I would also like to convey my heartfelt gratitude to my paternal grandmother, maternal grandmother, paternal grandfather and maternal grandfather for giving me inspiration to pursue research in the subject area.

I am also grateful to my esteemed teacher Prof. Indrajit Lahiri, Department of Mathematics, University of Kalyani for his constant encouragement in this regard.
Furthermore, I am also thankful to all of my colleague in Gobargara High Madrasah (H.S), Hariharpura, Murshidabad, West Bengal for giving me mental support to complete my research work. I also wish to thank all the faculty members of the Department of Mathematics, University of Kalyani for their mental support. In addition, I am thankful to the infrastructural support as provided by the Department of Mathematics, University of Kalyani to commence my research work.

I must also thank to all the authors of various papers and books which have been consulted during the preparation of the thesis. I will remain ever grateful to those who helped me in giving my research work a good finish. The author is also responsible for any possible errors and shortcomings, whatever it may be in the thesis despite the best attempt to make it immaculate.
