Acknowledgments

Foremost, I would like to express my sincere gratitude to my research supervisor Dr. Samares Pal, Associate Professor of Mathematics, University of Kalyani, West Bengal, India for giving me a free hand in research along with continuous guidance and support throughout the long course of the programme. His suggestions, guidance, continuous inspiration and encouragement in every aspect have helped me a lot during the whole period of this work. I could not have imagined having a better advisor and mentor than him for my Ph.D study.

I gratefully acknowledge the Head of the department, University of Kalyani, Nadia, India. I also acknowledge my gratefulness to Prof. Joydev Chattopadhyay, Head, Agricultural & Ecological Research Unit, Indian Statistical Institute, Kolkata, India, for his suggestions during the period of my research work.

I acknowledge with thanks the help and suggestions rendered by scientist Dr. Samrat Chatterjee, Immunology Group, International Centre for Genetic Engineering and Biotechnology, Aruna Asaf Ali Marg, New Delhi 110067, India.

I also acknowledge my gratefulness to all the members, especially Mr. Joydeb Battacharyya and Mr. Nanda Das, Department of Mathematics, University of Kalyani, for their active help to complete this work. I would also like to express my thanks to Dr. Swapan Chakroborty, Mr. Palas Mondal, Mr. Indrajit Halder, Mr. Debasish Biswas and Mrs. Rinku Dey of the Department of Mathematics, University of Kalyani, for always being helpful and for making the department a pleasant place to work.

I gratefully acknowledge the Head of the institute and my all colleagues, especially Mr. Avijit Ghosh, Mirzapur H.S.C. High School, Mirzapur: 742190, where I worked with their assistance and help during the first period of my research work in University of Kalyani, Kalyani 741235, India.

I gratefully acknowledge my debt to the Principal, colleagues and the Head of the department, Department of Science and Humanities, Sheikhpara A.R.M. Polytechnic, Sheikhpara: 742308, where I am working presently, for their assistance and help during
the period of my research work in University of Kalyani, Kalyani 741235, India.

I gratefully acknowledge my debts to my parents Ram Chandra Chatterjee and Mrs. Anjali Chatterjee, whose blessings have made it possible for me to complete this work. In addition, I should also express my gratitude to my elder sister, Mrs. Alvia Chakraborty and brother in law Mr. Jayanta Chakraborty, for their inspiration and blessings. Without their inspiring help, this work could never have seen the light of the day.
