ACKNOWLEDGEMENTS

It is my pleasure to place on record my deep sense of gratitude to Dr. S. DEVARAYANAN, Ph.D., DIP (Uppsala), FICC, Professor in Physics, University of Kerala, who initiated me into the field of Atmospheric Physics. It was his deep interest and inspiring guidance throughout the course of the investigations that made this work possible at all. I gratefully acknowledge his constant encouragement and constructive criticism which have given me the confidence to pursue the study.

My sincere thanks are also due to Professor K.S. Viswanathan, Head of the Department, and Professor P.B. Rao of this University for encouraging me throughout my research career.

I am grateful to Dr. V. Narayanan, Head, Meteorology Division, Vikram Sarabhai Space Centre, Trivandrum and his colleagues, especially Shri K.S. Appu, for their keen interest in my work. Thanks are also due to Shri K. Sivadasan, for his help with regard to computer analysis.

I am highly indebted to Dr. V. Anjaneyulu, Librarian, V.S.S.C., Trivandrum, for giving permission and other help in connection with library facilities.

The financial assistance received from the University Grants Commission, New Delhi, by means of research fellowship is gratefully acknowledged.

(K. MOHANAKUMAR)
