

## Acknowledgement

I like to take this opportunity to express my thanks and appreciation to all the persons, who helped me in my professional, personal life to accomplish this hard work.

No words can express my sincere appreciation to my mentor Dr. S. L. Hoti, Asst Director, for his generous support, patience, understanding and guidance he has provided through out the period of my study over the years. I also thank him for his commitment to complete this project and for giving me moral crutch through out this difficult journey in my life.

I extend my special thanks to Dr. P. K. Das, Director. I would not have accomplished without his generous support and permission to carryout this work.

I am also indebted to my departmental head and supervisory committee member, Dr. K. Balaraman, Dy Director (SG) for his approval, support and guidance to carry out this work. I am also thankful to my supervisory committee member, Prof S. Jayachandran, Head of the Dept of Biotechnology, Pondicherry University, for guidance and sparing valuable times. I am also thankful to Dr. A. R. Rajavel, R.O, VCRC for his official support to complete the work.

I extend my gratitude to Prof V. S. Chauhan, Director, ICGBE, and New Delhi for allowing me carry out bench work in his laboratory and helping me with valuable guidance and material support through out the project work. I am also thankful to Dr. Pawan Malhorta, ICGBE for his support all the time in the lab. My special thanks to Dr. Chetan Chitinis, ICGBE for his valuable scientific suggestion in the time of need.

I am also fortunate to work, in the beginning of my carrier, under the great scientist Padmashri Dr. P. K. Rajgopalan, former Director of VCRC, whose inspiration made me to reach up to this stage. I am very much grateful to Late Dr. Vijai Dhanda, former Director of VCRC, who has given me an opportunity to learn molecular aspects of malarial parasites. I am indebted to Dr. F. A. S. Kironde, Former Group leader of Malaria Group, ICGBE, New Delhi for teaching me all molecular and immunological techniques.

I also owe my gratitude to Dr. R. Ravi and Dr. S. P. Pani, and Dy. Directors (SG) for their moral help whenever needed.

I am very much thankful to Prof P. P. Mathur, Dept of Life Science and Head of the Bio-informatics, Pondicherry University who always extended his help in Bioinformatics without any hesitations.

My sincere appreciation to my teacher of malaria epidemiology and vector biology, Dr. P. Jambulingam, Dy Director and Dr. K. Gunasekharan, Asst. Director, under whom I begin my career to work on malaria in the field station at Koraput, Orissa. This experience is the richest wealth in my life to understand the disease at field level and the suffering of poor due to malaria. I also thank all the present and former staff of VCRC field station, Orissa for their support during the period of study.

I greatly appreciate Mr. Raja Packirisamy, Mr. Natarajan and Mrs. Regna Kumari as they are the individuals, who gave me a foundation and taught good laboratory work and sincerity in profession.

It gives me immense pleasure in acknowledging the moral support and help provided by Mr. Naresh sahu, Dr. Seema Paliwal, Mr. Sarvanan, Mr. Balwan Singh, Mr. Ashok Das, Dr. Kaushik Charkaborti, Mr. Kailash Pandey, Mr. Susmith, Mr. Amit during the years of my research at ICGB, New Delhi.

My sincere thanks due to Dr. V. Vasuki, T. O, Dr. A. Manonmani, Asst. Director, Dr. N. Pradeep Kumar, Senior Research Officer and Dr. K. D. Ramaiah, Asst. Director for giving moral encouragement during difficult periods.

I express my friendly gratitude to Mr. Thangadurai, Mr. Ramu, Mr. Balu. Mr. Errol, Dr. Subramaniam, Mr. Murugaraj, Mrs. Mary, Mrs. Ramyavani and Mr. Raju for their support whenever needed. I also especially thank Mr. Yakala Srinivas Murty, for his infallible support all the time.

I will never forget the kindness and support given by staff of administration and accounts division of VCRC in all the official matter, for whom I am ever grateful.

I extend my special thanks to the staff of Pondicherry University for their official help during the entire period from registration to completion of the thesis.

My wife Sarita has always been there for me during difficult moments. Her patience, long suffering and understanding made this hard work possible. I also thank my daughters, Richoon and Astha, whom I could not give enough time during all these years. My elder brother Ajit and his family members supported all the time and encouraged me to carry out the work. I salute my parents, in-laws and family members for their never-ending support.

Finally, My thanks to God, the pioneer of all sciences.

**Kailash Prasad Patra.**
