ACKNOWLEDGEMENT

It gives me great pleasure to submit my thesis titled as "Analytical Study of Various Marketing Strategies Adopted by the Dairy Industry in Maharashtra with Special Reference to Pune District", to the University of Pune.

A work spanning over more than 6 years which led to write up of over 280 pages cannot be completed by any individual without blessings, guidance and support from many quarters. This is my humble attempt to acknowledge generous support of all those individuals and organisations which enabled me to accomplish this research work.

I was fortunate to have invaluable guidance of Dr. B. V. Sangvikar for this research work. Without his constant encouragement, coaching, step by step guidance, this thesis would not have seen the light of the day. He, beside a source of inspiration, was always helpful in exploring the various dimensions of the research subject and enriched my learning curve. I am extremely thankful for the blissful insights I gained through the focused discussion and deliberations I had with him on the research subject. His personal touch and professional competence made my research journey memorable.

I am highly grateful to our head of the department Dr. (Capt.) C. M. Chitale for encouraging me throughout the research. His support and timely help was truly instrumental in completion of my research work.

I am highly indebted to Dr. Sharad L. Joshi, Dr. Satish Warpade of IMERT, Dr. D. R. Mane of PUMBA, Dr. Roshan Kazi of AIMS, Dr. Amod Markale of Zeal, Dr. Vijayalakshmi of IMERT, Prof. Rajesh Vhatkar, Vishnu Shrimangale and Mr. Santosh Kharat of PUMBA for offering me personal help and valuable guidance on the analytical aspects of the study.

I am very grateful to all my colleagues and friends for their instantaneous help, guidance and motivation throughout the research work.

I am very thankful to all respondents who participated in this research, without their active responses this research work could not have been possible.
Last but not least; I have no words to express my deepest feelings for the support and encouragement from my beloved parents, wife Nalini, son Advay and other family members. Without their treasured love and support, the completion of this work would not have been meaningful and possible at all.

I would like to thank all those who have helped me directly and indirectly and whose names I might have missed unfortunately.
