ACKNOWLEDGEMENTS

I wish to express my indebtedness and deep sense of gratitude to my Research Supervisor Dr. Challa Suresh, Senior Scientist, Department of Biochemistry, National Institute of Nutrition, Hyderabad for his keen interest and encouragement throughout the course of my research work endeavour. His guidance and creative criticism enriched the quality of scientific component and I extend my sincere gratitude to him for the generous support he had extended to me during all my whims and fancies and kept me motivating.

I would like to convey my heartfelt thanks to Prof. K.R.S.Sambasiva Rao, Head and Coordinator, Department of Biotechnology, Acharya Nagarjuna University, Guntur for permitting me to carryout my Research work through his department and he has extended his support and encouragement throughout my research and his intellectual capability, knowledge, Valuable suggestion and adept discussion has helped me a lot and any word of appreciation would be incomparable for him.

Any appreciable word would be less to thank Prof. Rajarami Reddy, Chairman and BOS, Department of Zoology, Sri Venkateswara University, Tirupathi for the blessings and support he had extended to me in moulding to the present personality right from my graduation. He was the legendary person who was instrumental in building my career and encouraged me to take up this field of Biotechnology. I would like to convey my deep sense of gratitude and thanks for him for being with me in all ups and downs of my career.

The completion of the thesis would have not been possible without the cooperation and friendly support of Mr. M.S.Shankara Prasad, Managing Director, SPC Biotech Pvt Ltd, Hyderabad for his keen interest and providing me the with the basic infrastructure and facilities required to carry out my research work.

I am highly indebted to my beloved Mentor Dr. Dayanand Yasarapudi (Late), Former HOD, Dept of Biotechnology, DRW College, Gudur, the person who inspired me to take up Science as my career and i don’t have any words to express my feelings towards him because he had been with me backing up in all sorts of assistance I required from time to time. His thoughts were selfless and his suggestions have paved a great way for my career. I am highly indebted to him and his family members.
I have no words to thank Dr. Subbarao Chaganti, Post Doctoral Fellow, University of Windsor, Canada for the constant guidance, support and friendly cooperation throughout my career and his guidance and unstinted support in completion of my research work. His vision and adept discussion technically helped me to learn and understand the challenges and potentiality of this work. I thank him whole heartedly for his encouragement.

Any word of acknowledgements would be beyond comparison to express my deep sentiments, love and affection towards my Parents Srinivasulu and Kousalya. I express my sincere and heartfelt thanks to my brother-in-law M.Pardhasaradhi, Sister Saradha and my Nephew Vishal for their generous support and encouragement and sharing every motion of mine in all my whims and fancies to keep me fit in my personal and professional life.

I would like to acknowledge and convey my sincere thanks to P.Sasidhar, all my friends and family members who have supported me constantly in my personal and professional career.

I would like to acknowledge all those who have helped me grow professionally and personally in all endeavours of my life and also for their constant encouragement during the course of my research work.

Last but not least I am highly indebted to Lord Venkateswara for showering his blessings on me without his good wishes and blessings I couldn’t have made any progress in my life. I owe a great honour and respect to the almighty and extend my sincere gratitude to him and expect him to shower his blessings on all people for their well being and prosperity.
