Foremost, I owe my deepest gratitude to my research guide Dr. H. Niranjana Murthy, Professor, P.G. Department of studies in Botany, Karnataka University, Dharwad for his effective guidance, motivation and for his rigor and passion on research. I owe much gratitude to my guide for being one of the greatest mentors one could ever hope to have throughout their research career. He has been an ever present example of the person I should forever strive to be.

I am thankful to Professor Ch. Ramesh, Chairman, P.G. Department of Studies in Botany, for providing research facilities. I also thank Prof. G.R. Hegde, Prof. H.C. Lakshman, Prof. M. Jayaraj, Prof. T.C. Taranath, Dr. D. Tandurai, Dr. G.S. Mulagund, Dr. S. N. Agadi for their encouragement.

I owe my profound indebtedness to JSS management, Secretary Dr. N. Vajrakumar for their constant support and encouragement. I have been amazingly fortunate to have as my mentors, Finance Officer Dr. Ajithprasad, my teachers, Dr. Sharada Kunnur and Dr. R. Parimala who truly made a difference in my life and instilled confidence in me to face the challenges of life. I doubt that I will ever be able to convey my appreciation fully, but I owe them my eternal gratitude.

I warmly appreciate the magnanimous help, support and co-operation rendered by my lab friends, Nayeem, Praveen, Poornanand, Manohar, Manoj, Lalita, Shajan, Sunita, Shivanand, Abhishek, Krishna and Joseph.

I am also thankful to the research scholars of this department for their help. My special thanks to Mr. Gurumurthy for helping in taxonomy related queries. I am
thankful to non-teaching staff, especially Sri. V. N. Bhat and also attenders of the P.G. Department of Studies in Botany for their help.

Words are short to translate my deep sense of gratitude to my mother in law, Kamala who took care of entire family in my time at work and cared me more than my mother and mother, Nirmala, who struggled throughout to support and educate us. Both of them have given me more than I can ever repay. I have no suitable words that can fully describe everlasting love and affection by my father late Sri. Shekharappa Dandin, support by my father like, father in law, Sri K B Koppad and uncle, N.P. Kaliwal. I am grateful to almighty for blessing me with these kind souls for this life. My sisters, Dr. Jaya and Soubhagya and brothers, Yogesh and Praveen have given me their unequivocal support, love and affection throughout, for which my mere expression of thanks likewise does not suffice. Even, I can’t adequately thank by words husband Santosh and daughter Khushi for putting up with vagaries of my time at work with forbearance and conscience.

I am grateful to my school and college teachers, late Sri V. G. Hiremath, Sri. V. V. Pujar, Sri. C.R. Sullad, Dr. Shivashankar murthy, Dr. S. F. Doddagoudar, Dr. V L R Goudar and Smt G. V. Chavvannavar, who laid seeds of enthusiasm and passion in my pursuit of knowledge.

It is my great pleasure to acknowledge my friends, Pushpa, Vidya, Saroja, Bharati, Chanda, Anu, Asha, Ritu sumom, Rev. Fr. Melvyn D’cunha, Prashant, Praveen and my colleague friends at JSS, Anita, Jyoti, Vijayalaxmi Edalli, Geeta and Md. Yaseenkhah for their sanguine support, help, affection and care. I am thankful to Miss. Bhagya Reddy, St. Joseph’s College, Banglore for her help in HPLC analysis.

Last but not the least, the love and affection of my past students, specially Minal, Dr. Rohini, Rajashree, Krishnaveni, Afreen, Mukund Vaswani, Nandeesh and present students of JSS was the morale booster in motivating me to work hard and perform better.

Finally I thank almighty for everything in my life.
