Acknowledgement

"Thankfulness is the beginning of gratitude; it makes sense of our past, brings peace for today, and creates a vision for tomorrow." It is a pleasure to convey my gratitude to all of them who have played an important role in making my efforts a success.

It gives me immense pleasure to express my profound sense of gratitude to my teacher and guide, Dr. S. A. Chimatadar, Professor, P. G. Department of Studies in Chemistry, K. U. Dharwad, for giving me an opportunity to work under his able guidance. I am deeply indebted to him for his dedicated guidance, sustained interest and everlasting encouragement by exploring new ideas throughout the course of investigation leading to the preparation of this thesis. I have experienced his wholehearted affection and care for his students. I am very much obliged to the Almighty for giving me a Golden Opportunity to work with such a dedicated and principled personality. I feel proud to be his student forever.

I am extremely grateful to Dr. S. T. Nandibewoor, Professor P. G. Department of Studies in Chemistry, K. U. Dharwad, for his keen interest, stimulating discussions, valuable suggestions, incessant help and encouragement throughout my research work inspite of his busy schedule.

I am extremely thankful to the present Chairman Prof. Dr. S. A. Chimatadar and former Chairmen Prof. Dr. S. T. Nandibewoor and Prof. Dr. S. A. Patil, P. G. Department of Studies in Chemistry, K. U. Dharwad, for providing the necessary facilities. My special thanks are also due to Dr. S. M. Tuwar & Dr. R. R. Kamble, for extending their help and valuable discussions. I am grateful to all the teaching faculty of the Chemistry department for their valuable suggestions, encouragement and care offered during my research work.

Words are not enough to express my deep sense of gratitude to my senior colleagues, Dr. Rajeshwari V. Hosahalli, Dr. Anita P. Savanur & research colleagues Mr. Manjunath D. Meti and Miss. Laxmi N. Jattinagoudar for their
Friends are the flowers in the garden of life. How can I be an exception? I experienced true friendship from Mrs. Sudha Angadi, Ms. Jyothi Abbar, Ms. Tasneem Taj, Mr. Keerti Naik, Mr. Jayant Gouda, Mrs. Shweta Malode, etc. I express my heartfelt thanks to all my research colleagues & friends for their altruistic cooperation and incessant support.

I am very much obliged to U.G.C. New Delhi, for their financial support in the form of ‘Research Fellowship in Science for Meritorious Students’.

I wish to express my sincere thanks to the professionals at USIC, K. U. D., for recording the UV-vis, $^1$H NMR, GC-MS, IR and fluorescence spectra. I express my special thanks to the Chairman, Dept. of Molecular Biophysics, Indian Institute of Science, Bangalore for CD measurement facilities. I also thank all the non-teaching staff of Department of Chemistry, K. U. D., for their help.

I am forever indebted to my beloved parents, Mrs. Mahadevi & Mr. Shankar Y. Byadagi for everything they have provided for me. I am fortunate to be blessed with such lovable parents; without their love and constant nurturing, I would not have been what I am today. I wish to owe my deep sense of heartfelt gratitude to my most loving sisters, Ms. Shilpa & Ms. Soumya for their constant support, love and affection throughout my career. My special thanks to my best friends Mr. Azharuddin Savanur, Mr. Pratit Salunke & Ms. Bhargavi K. S. for their affection and encouragement.

Thank you, Lord, for always being there for me.

Last but not the least, I wish to extend my gratitude to all those friends, colleagues and well wishers who helped me knowingly or unknowingly in my whole educational career.

Kirthi S. Byadagi
This is to certify that Dr./Sri./Ms. [Name] has been awarded the Prof. S. C. Ameta Award for the best presentation of his/her paper in the Physical Chemistry Section in the 29th Annual Conference of the Indian Council of Chemists held at Panjab University, Chandigarh on 19th – 21st December, 2010.
