LIST OF FIGURES

Figure A: Distribution of *M. dioica* and *S. glauca*

Figures 01-04: Morphology of male *Momordica dioica* (Coll. No. MDM-5).

Figures 05-10: Morphology of female *Momordica dioica* (Coll. No. MDF-6).

Figures 11-13: Photomicrograph, Chromosome drawing and idiogram of male *M. dioica*.

Figures 14-16: Photomicrograph, Chromosome drawing and idiogram of female *M. dioica*.

Figures 30-32: Photomicrograph, Chromosome drawing and idiogram of male *S. glauca*.

Figures 33-35: Photomicrograph, Chromosome drawing and idiogram of female *S. glauca*.

Figures 36-37: Genomic DNA of *Momordica dioica*.

Figures 40-41: RAPD profiles of *Momordica dioica* generated by OPB primers.

Figures 42-43: RAPD profiles of *M. dioica* generated by OPA-15 primer.

Figure 44: Single amplicon OPA-151500.

Figure 45: SCAR marker validation in Six population of *M. dioica*.

Figure 46: DNA sequence of the male specific marker OPA-151500.

Figures 47-50: Chromatogram for the DNA sequence of the male specific marker OPA-151500.
Figure 51: Open Reading Frame map of SDSM genomic DNA sequence.

Figure 52: Exon map of SDSM genomic DNA sequence.

Figure 53: AT density map of SDSM genomic DNA sequence.

Figure 54: GC density map of SDSM genomic DNA sequence.

Figure 55: CpG islands of SDSM genomic DNA sequence.

Figure 56: Structure of predicted gene with sequence.

Figure 57: Amino acid sequence of predicted gene.

Figure 58: DNA Data Bank of Japan format of SDSM genomic DNA sequence.

Figures 59-60: Genomic DNA of Simarouba glauca.

Figures 61-62: RAPD profiles of Simarouba glauca generated by OPA primers.

Figures 63-64: RAPD profiles of Simarouba glauca generated by OPB primers.

Figure 65: RAPD profiles of Simarouba glauca generated by OPB primer.

Figure 66: RAPD profiles of Simarouba glauca generated by OPA-18 primer.

Figure 67: Cloning RAPD product into TA-vector (pTZ57R/T).

Figure 68: SCAR marker validation in Six population of Simarouba glauca.

Figure 69: DNA sequence of the male specific marker OPA-18

Figures 70-75: Chromatogram for the DNA sequence of the male specific marker OPA-18

Figure 76: Open Reading Frame map of MSSMS genomic DNA sequence.

Figure 77: CpG islands of MSSMS genomic DNA sequence.

Figure 78: AT density map of MSSMS genomic DNA sequence.

Figure 79: GC density map of MSSMS genomic DNA sequence.

Figure 80: DNA Data Bank of Japan format of MSSMS genomic DNA sequence.
Figure 81: SDS-PAGE gel photograph of leaf protein.
