I thank God almighty for giving me the strength and showing me the way to do my research. ‘Thank you God for not letting me breakdown and give up on my dream. Without your wish and blessings I would not be able to complete my research’.

I am deeply grateful to Swami Sridharanandji for developing the technique called Atma Vidhya Parishilana, my thesis is based on this technique. I thank him for his blessings.

I thank my guide Dr. Ashok. A. Pal for the immense support and guidance he provided me with throughout this entire journey, who taught me the true meaning of meditation, and without whom this enriching journey would have been difficult.

I would like to extend my gratitude to the Chairperson Dr. (Smt.) Vijayalaxmi Amminabhavi, for all the help and encouragement.

I also extend my gratitude to Dr. Ashok. M. Shatoji for helping me with data collection and with the statistical analysis as well for the research work, and also for the constant guidance that he gave me during the latter half of my research.

I extend a heartfelt gratitude to Dr. Krishnamurthy for taking the time out and contributing selflessly and voluntarily towards my research. It is because of him that I have been able to understand and apply Swami Sridharanandji’s philosophy of Atma Vidya into my own life.

I would like to thank all the participants for making time and taking part in this study, and for loyally obliging throughout the intervention. Without you this research would not be possible.
