ACKNOWLEDGEMENT

One would not achieve whatever we are now, without help, encouragement and the wishes of the near and the dear ones. Teachers, parents, friends and well-wishers are an integral part of this. I owe them a lot and it always is a difficult task expressing and putting in towards the sense of gratitude for them.

It is a matter of pride and pleasure to thank my guide Dr. C. G. PATIL, Department of Botany, Karnataka Science College, Dharwad for his guidance, encouragement and help during the course of this research work. I accomplish his construction criticism, inspiration, insightful suggestions. I hereby express my profound and deep sense of gratitude with sincerity and heartfelt respects for his valuable guidance, co-operation, encouragement, help and moral support throughout the period of study.

I express my profound gratitude and sincere thanks to my research Co-guide, Dr.(Smt) O. SRIDEVI, Professor, Department of Genetics and Plant Breeding, University of Agricultural Sciences, Dharwad. It gives me great pleasure to acknowledge the dedicated efforts, sustained interest, affection and all kind of encouragement, that I have received throughout my course of research work.

My sincere thanks to Dr. A. A. Hooli, Honorable Principal, Dr. V. H. Arali, Former Principal, Dr. B. S. Giriyappanavar, Dr.(Smt.) D. M. Singh, Dr. K. Kotresha, Dr. S. N. Agadi, Dr. K. P. Kolkar, all the non-teaching staff of Department of Botany, and all the staff members of Karnataka Science College, Dharwad, for their constant encouragement and suggestions throughout my Ph.D. work.

I am greatly indebted to Prof. H. C. LAKSHMAN, Chairman, Prof. G. R. Hegde, Prof. H. Niranjan Murthy, Prof. C. Ramesh, Dr. T. C. Taranath, Dr. M. Jayaraj, Dr. Thangadorai and all the non-teaching staff of P.G. Dept. of Botany, Karnataka University, Dharwad., for their concern and kind support.

I express my sense of respect and sincere thanks to Dr. P. U. KRISHNARAJ, Professor and Head, Department of Biotechnology, University of Agricultural Sciences, Dharwad, for his valuable suggestions and encouragement in pursuit of the study.

I hereby express my profound and deep sense of gratitude with sincerity and heartfelt respects to Dr. H. D. MOHAN KUMAR, Breeder and Head, Agricultural Research Station, Deviho sur, Horticulture University, Bagalkot, for providing the germplasm and valuable guidance throughout the period of study.

I express my deep gratitude and sincere thanks to Prof. SUREN DRA, Senior Scientist, Sirsi, for his keen interest and suggestions throughout my Ph.D. work.

I express my sense of respect and sincere thanks to Dr. P. M. SALIMATH, Directorate or Research, College of Agriculture, Dharwad, University of Agricultural Sciences, Dharwad, for his valuable suggestions and encouragement in pursuit of the study.
I express my deep gratitude and sincere thanks to Prof. S. C. Hiremath, Former Chairman, P.G. Dept. of Studies in Botany, K.U.D. for his keen interest, constant guidance and suggestions throughout my Ph. D. work.

I express my sincere thanks to Mrs. Uma Arali, Librarian, G. F. G. C. Halyal, for her cooperation and moral support.

My sincere regards and thanks to the Dr. R. K. Mulgund, Principal, Shri Manjunatheshwar P. U. College, Dharwad and Dr. Ajit Prasad, Principal, Dr. S. B. Gadi, Dr. S. Kunnur, Smt. Parimala, J.S.S. College, Dharwad, for their kind suggestion, encouragement and co-operation to continue my research work.

I particularly extend my thanks to my research colleagues Smt. A. M. Sandigwad, Sri R. C. Baratakke, Sri S. H. Sankannavar, and Sri. Rajendra P for their help and cooperation.

I gratefully acknowledge the dedication, perceptiveness and able assistance of I am thankful to the field staff of Agriculture Research station for their help in conducting the experiments.

I thank the staff members of the University Scientific and Instrument Center.

My enormous debt of gratitude can hardly be rapid to my parents Smt. Prabhavati, Sri R. S. Bhadragoudar, my daughter Preeti, Sister Smt Rajeshwari, brother-in-law Dr. A.S. Vastrad, D.S.W, University of Agricultural Sciences, Dharwad, brothers Mrutyunjay Sharan, Sister-in-laws Sm: Vijaylaxmi, Smt Reshma, niece Neha and Sniti, nephew Ashwij without whose motivation, support, endless patience and encouragement this thesis would not have possible. My deepest gratitude and thanks to them for their understanding and love during the long period that I have taken to complete the work.

Friends are our biggest assets who make life colourful and cheerful. I fail in my duty if I do not express my warm thanks to my unmemorable friends. Their lively companionship and spontaneous help enabled me to complete this mammoth task. To name few Smita Kabbur, Laxmichaya Mallak, Dr. J.T. Kulkarni, Smt Ratna Airsang, Smt Vasudha Shetty, Roopa J, Dr. Anita Jambagi, Dr. Daxayani, Smt Asha Deshpande, Dhananjay K, M.C. Patil, Smt Ashwini, Pasha and all research scholars of the Dept. of Botany, Karnataka Science College and Karnataka University, Dharwad, for their support.

DHARWAD
