ACKNOWLEDGEMENTS

At this very juncture of completion of this dissertation, I prostrate at the feet of the almighty for providing me an opportunity to pursue the present research work. There are countless people who have supported, directed, assisted and encouraged me in completing this Ph.D., whom I would like to thank. It would require several pages to express my deepest gratitude to all of them and, needless to say, my thankfulness extends much further than the simple words that follow.

I pay my submission, prayer and lovely adoration TO my respected and beloved parents, without the blessings, devotion and continuous encouragement of whom it would not have been possible to reach this stage of my career.

I have no words, how to express my profound reverence, my deep sense of gratitude, my indebtedness to my respected and honorable supervisor, Dr. A.J. Singh, Associate Professor, Department of Computer Science, Himachal Pradesh University, Shimla (H.P). His all time constant encouragement, skilled supervision, noble and affectionate behavior and zealous efforts are the main forces to my smooth and speedy completion of the work. I feel fortunate to get an opportunity to work under his dynamic supervision.

I acknowledge, with my sincere gratitude, to Dr. Manu Sood, the Chairman, Department of Computer Science, Himachal Pradesh University, Shimla. The Department has provided the support and equipment I needed to produce and complete my thesis. I am thankful to the entire department for being so co-operative during the entire period of the study.

I am thankful to my parent organization, Directorate of Mushroom Research (Indian Council of Agricultural Research), Chambaghat, Solan (HP) for providing me an opportunity to go for higher studies.

This work would not have been possible without the support of my wife Dr. Anita Gautam, who provided me encouragement and made sure that I was not disturbed when busy with my research related activities. I owe special thanks to my kids Pranav and Aranav who never complained, but kept wondering with their
twinkling eyes, what their Dad was doing when he ought to be helping them out in their studies.

Last but not the least, I thank Sh. Deepak Sharma, who handled various activities related to my domain very efficiently when I was away.
