ACKNOWLEDGEMENT

It is a matter of immense pleasure and I take great pride to submit my thesis entitled “Isolation of Streptomyces from Durg District of Chhattisgarh and assessment of their antimicrobial activity” for the award of “Doctor of Philosophy in Microbiology” from Pt. Ravishankar Shukla University, Raipur, (C.G.) India.

No task can be completed in a hostile and uninspiring environment. Thus I wish to thank every person who directly or indirectly helped to create a congenial atmosphere for me to work and successfully complete my thesis. It gives me immense pleasure, as I take the privilege of this unique opportunity to express my gratitude and respect for my guide Dr. Vibhuti Rai, Professor, S.O.S. in Life Sciences, Pt. Ravishankar Shukla University, Raipur (C.G.), who provided encouragement and auspicious guidance throughout the work. His sound advice, incessant discussion, untiring help, everlasting moral support, kindness and careful guidance are invaluable. I am really glad that I have come to get to know him in my life.

I am highly grateful to Dr. A.K. Pati, Professor and Head, S.O.S. in Life Sciences, Pt. Ravishankar Shukla University, Raipur (C.G.), for his inspiration and support, led me to complete this thesis and gain preliminary knowledge of Research and Development.

I express my deep sense of gratitude and indebtedness to Dr. C.K.M. Tripathi (Dy. Director/Head of Fermentation and Technology Division, C.D.R.I.) Lucknow, for his most valuable guidance, keen interest, encouragement and suggestions throughout this investigation. His directiveness and affectionate touch has enabled me to bring out this work to a meaningful conclusion. My sincere thanks to Dr. A.K. gupta, professor, S.O.S. in Life Sciences, Pt. Ravishankar Shukla University, Raipur (C.G.), for their extended support and suggestion during my research work. I am highly thankful to Dr. Arti gargi for her valuable help and support.
I also extend my gratitude to my colleagues and friends Mrs Vinita Singh, Miss Rama Thakur, Mrs Priti Singh Parihar, Saba Taj and Mrs Yogita Thakur, their encouragement and advice helped me to do my work and to write the thesis.

Thanks are also extended to the technical and supporting staff of School of Studies in Life Sciences, for their amenable assistance.

Beside above it would be dishonest if I do not realize the valuable and standing support rendered by my parents who supported me throughout the work and made possible for me to come out with the work and covered me under shade of their love, affection and blessing without them I would not have been here.

Last but not least I would also thank Jawahar Lal Nehru Memorial Fund, New Delhi, for rendering financial support during the work. Lastly I thanks to God, the Almighty to show the path to the ladder of success.
